3-02/140.28 - Physical Fitness Pin

Employees who voluntarily take and pass the Department's physical assessment test can earn a pin in a "good," "excellent," or "superior" range, dependent on the established criteria and their score. Those scoring in the above stated ranges will be permitted to wear the designated pin for the following two years after which they may re-qualify, or they may display the pin, but not wear it on their uniform or clothing.

The Training Bureau shall promulgate a quarterly testing schedule. Documentation of a qualifying score shall be placed in the employee's personnel file.
