3-03/040.15 - Official Inspections

Uniformed members are subject to inspection of all uniforms (including Class A and Class B), safety equipment, and identification items to ensure that:

- Only approved items are worn and/or carried;
- Items are worn in the approved manner;
- Items are clean, properly maintained, and serviceable;
- Members have in their possession all required items; and
- Items fit properly.

Shift Inspections

Watch commanders shall conduct daily inspections to ensure that articles of the uniform of the day, safety equipment, and identification are as prescribed for that assignment.

Special Details

The supervisor calling the roll for special details shall conduct shift inspections.
