

## **3-03/040.15 - Official Inspections**

Uniformed members are subject to inspection of all uniforms (including Class A and Class B), safety equipment, and identification items to ensure that:

- Only approved items are worn and/or carried;
- Items are worn in the approved manner;
- Items are clean, properly maintained, and serviceable;
- Members have in their possession all required items; and
- Items fit properly.

### Shift Inspections

Watch commanders shall conduct daily inspections to ensure that articles of the uniform of the day, safety equipment, and identification are as prescribed for that assignment.

### Special Details

The supervisor calling the roll for special details shall conduct shift inspections.
