

## **3-03/240.00 - Handcuffs and Cases**

Handcuffs carried on-duty by sworn members shall be of a type approved by the Department and must be swivel-type. Non-swivel peerless handcuffs will be provided, when necessary, to personnel assigned to Custody and Court Services. For a list of approved handcuffs, contact Central Supply/Logistics.

A second pair of the approved swivel-type handcuffs may be carried by uniformed sworn members. The handcuffs may be carried in a second single handcuff case which matches the issued case, or in a double case of matching design.

Sworn members shall submit Employee's Information Form, (SH-AD-91), as required in the Personnel chapter, whenever handcuffs are purchased, issued, sold, stolen or lost.

### Flex Cuffs

Sworn members may utilize approved flex cuffs when necessary and in accordance with established Department procedures. The Department-approved flex cuffs shall be issued by the Central Supply Warehouse through the normal Unit supply request process. Units shall replace the device when necessary.
