

3-07/140.40 - Supplementation/Correction

To add information or correct a CLETS or NLETS message, the following applies:

- Supplementation - when operators wish to add supplemental information to a message previously broadcast the secondary subject, shall be titled "SUPPLEMENT." For example, aggravated assault - supplement; and/or
- Correction - when operators wish to correct information contained in a message previously broadcast, secondary subject shall be titled "CORRECTION." For example, armed robbery - correction.

Any transmission that changes the status of a message previously broadcast shall include:

- The date, time, call letters, and message number of the original and all subsequent messages;
 - Subject (title) of the original message;
 - Intended change of status - supplementation or correction;
 - Name of suspect; alias;
 - All available reference numbers, such as:
 - File or case number;
 - Booking numbers;
 - Report number; and
 - FBI and CII numbers (if known);
 - Any "Attn:" previously cited;
 - Description and status of any property or vehicles mentioned in previous messages; and
 - Repeat of report number in reference line.
-
