3-07/160.05 - Sex and Narcotic Registrant Unit

The Department of Justice maintains a central statewide alphabetic name file of persons who have been convicted of specific sex offenses (see 290 PC) and narcotic offenses (see 11590 H&S). Inquiries to the file may be requested by using one or a combination, of the following variables:

- CII number, name, age, race, weight, height, hair, eyes, sex, offense code, address, city, county, registering agency, date of registration (month and year), and termination of registration (month and year – narcotic files only),

Additionally, the county is broken down into grid coordinates. As an example, DOJ could search all registrants residing within map page 736, grid square J1, of the "Thomas Brothers Street Guide in Los Angeles County."
