3-07/200.10 - Electronic Communications

The following sections of the Department's Manual of Policy and Procedures set forth the LASD policies for electronic communications including activity involving the internet, Sheriff's Data Network, Justice Data Interface Controller (JDIC), local area networks, individual personal computers, and access to data stored in local, state, and federal computer systems. Electronic mail and faxes, which are transmitted over both the internet and Sheriff's Data Network, are subject to all provisions of this policy. Data Systems Bureau is responsible for the administration of electronic communications via the internet, Sheriff's Data Network, and JDIC.
