5-02/150.20 - Out-Of-County Warrant

Warrants of arrest issued by another California county for juveniles within Los Angeles County shall be handled the same as those issued in this county. The unit having final assignment of the warrant shall be responsible for the disposition of the warrant (i.e., notification to the out-of-county agency, transporting or arranging for transportation, or return of unserved warrant).

All warrants for juveniles issued by a California court must be issued by a juvenile court, unless the juvenile has been declared unfit.
