5-06/040.60 - Decontamination and Medical Clearance Procedures

All individuals affected with Oleoresin Capsicum, OC+CS blended agents, or CS agents shall be transported without delay to the station/unit where the individual can selfâ€‘decontaminate. It shall be the responsibility of the transporting deputy(ies) to ensure the individual has access to water where decontamination can take place. This procedure applies to individuals who do not have other medical conditions. In a case where Oleoresin Capsicum, OC+CS blended agents, or CS agents aggravate an existing condition or causes a medical condition, medical clearance shall be obtained through a qualified medical facility, paramedic evaluation, or other medical practitioner (i.e., registered nurse, licensed vocational nurse, or EMT).
