

5-06/090.05 - Hazardous Material Spill At a Station or Jail Facility or Any Sheriff's Facility

Should a PCP or other hazardous material spill occur at a Station, jail facility or any Department facility, the following procedure shall be followed:

- If the contaminated area is air-conditioned, immediately turn off the air conditioning system;
 - Evacuate the exposed area. Department personnel shall not attempt cleanup without authorization of the Health Department or Fire Department;
 - Notify the Fire Department/Paramedics;
 - Leave all pertinent exterior doors open for ventilation;
 - Notify the District Attorney's Office;
 - The District Attorney's Office shall respond to the facility, if deemed necessary by the Watch Commander, to assist with the coordination of the cleanup of the spilled substance; and
 - If additional technical resources are required, the District Attorney's Office shall be responsible for making the notifications.
-
