

## **5-09/280.05 - Authority and Regulations**

Section 121.585 of the Federal Regulations states, "No person may, while on board an airplane operated by an air carrier in air transportation, carry on or about his person a deadly or dangerous weapon, either concealed or unconcealed." This paragraph does not apply to:

- Officials or employees of a municipality or state, or of the United States, who are authorized to carry arms; and
- Crew members and other persons authorized by the air carrier to carry arms.

The FAA's definition of carrying a weapon is: concealed on a person; unconcealed on a person, which would be a deputy in full uniform; and contained in a person's carry-on baggage.
