2-11/070.20 - Sheriff's Intelligence Unit

The responsibilities of the Sheriff's Intelligence Unit (SIU) include:

- Identify and assess emerging threats involving terrorist and/or criminal activity for the purposes of mitigating and disrupting those threats;
- Identify and assess emerging and ongoing cyber threats;
- Analyze, process, and disseminate strategic and tactical intelligence to support ongoing or projected operations, unfolding events, and intelligence investigations;
- Provide intelligence to Department executives and command staff for situational awareness, decision-making, response, and mitigation efforts;
- Develop sources and informants to provide information about terrorist/criminal organizations and their activity;
- Liaison with local, state, and federal agencies;
- Participate in the FBI Joint Terrorism Task Forces (JTTF) and other task forces related to homeland security;
- Hate Crimes Coordinator;
- Crime Stoppers; and
- Interpol Liaison.
