# 3-04/040.45 - Escapes

The policy and procedures of handling an escape or erroneous release are contained in the Manual of Policy and Procedures. Detailed procedures for the control and containment of escapee situations are in CSDM, 3-14/070.00 - Inmate Escape/Erroneous Release. Each branch shall have specific procedures, unique to their facility, as part of their Branch Security Contingency Plan for Escape. For escape defined, refer to CSDM, 1-05/180.00 - Escape and Attempt Escape Defined.
