6-10/060.00 Storage, Issue and Use of Weapons, Chemical Agents and Related Devices

All weapons shall be secured in a gun locker, prior to entering the jail area. Any use of weapons, including any conducted electrical weapon ("TASER"), or chemical agents (excluding pepper spray and/or CS/OC) in the jail shall be utilized with the approval of the watch commander.

Custody assistants who have completed the Department's TASER Training Program and are assigned to work as Patrol Division station jailers may utilize TASERs in conformance with Department Manual of Policy and Procedures (MPP) section 5-06/040.95, "Electronic Immobilization Device (TASER) Procedures."
