7-03/010.05 Sheriff's Department Warrant Arrestee

Inmates arrested by other agencies in this county on warrants held by this Department shall be transported from court lockups, outside agencies and/or Sheriff's stations.

The desk, upon notification via teletype or telephone that another police agency inside Los Angeles County has arrested a defendant on a warrant, on file with the Sheriff's Department, shall verify with Inmate Reception Center's Warrants and Detainer Section that it is in fact a Sheriff's Department warrant, unless the agency is holding the warrant abstract. This verification may be done by telephone. The arresting agency should then be advised of the estimated time the transporting crew will pick up the inmate.

Do not accept the inmate without a valid abstract. Inmate Reception Center will not accept the inmate without a valid abstract.

If there is a question about the validity of the abstract, call the County Warrant System (CWS) at (213) 974-4653.

Transportation for all inmates arrested on this Department's warrants by agencies outside Los Angeles County shall be provided by Statewide Detail. Inquiries should be referred to Statewide Detail at (213) 974-4565.
