The GAGAS (General Requirements for Complying with Government Auditing Standards §2.15, Relationship between GAGAS and Other Professional Standards) recognizes that for performance audits, auditors may use other professional standards. This would include the International Standards for the Professional Practice Framework (IPPF), also known as the “Red Book,” and is authored by the Institute of Internal Auditors.

All projects assigned to the AAB are deemed confidential and sensitive in nature until the Unit Commander authorizes the release or publication of the information. All members of the AAB will exercise the utmost discretion and maintain the integrity of all information related to any project. - **Audit Process**

- **The Audit Process**
 - **Documentation**
 - **Internal Audit Follow-Up Procedures**
-

- • **The Audit Process**

The AAB audit process is governed by the Generally Accepted Government Auditing Standards (GAGAS) and is utilized in all audit related projects. See the Audit Process flow chart, (See Attachment 3).

• • • Audit Proposal

The audit proposal is the first step of the audit process. The team lieutenant and the HCO will assign the audit to the project manager, which is to be approved by the Unit Commander. (GAGAS §4.02 – 4.11, Competence, §8.31 – 8.32, Assigning Auditors). The project manager will submit a proposal memorandum to the Unit Commander for approval. (See Attachment 4) Once the memorandum is approved, a project number is issued by Operations. The project manager will utilize the Project Manager Duties and Responsibilities Checklist to assist in the completion of each phase of the audit. (See Attachment 5)

• • • Audit Work Plan Development

The project manager begins the planning phase of the audit and develops the Audit Work Plan (GAGAS §8.03 – 8.07, Planning, §8.33 – 8.35, Preparing a Written Audit Plan). The project manager will develop the work plan according to the scope of the audit/project. The Audit Work Plan documents the audit objectives and addresses relevant risks. The Audit Work Plan will include the audit scope and methodology, which support the audit objectives. This provides assurance that the data gathered is sufficient and appropriate. (See Attachment 6) Once the Audit Work Plan prepared, the project manager will submit it to the Unit Commander for approval.

Auditors also conduct various projects, including examinations, reviews, compilations and agreed upon procedures, and are required to apply the same auditing standards and processes (GAGAS §7.34, Examination Engagement Documentation).

The project manager should determine the audit population, including the best way to retrieve that data. The population may vary depending upon the audit. Population is defined by the Institute of Internal Auditors as the following:

...Population is defined as, the entire set of data from which a sample is selected and about which the internal auditor wishes to draw conclusions.

• • • Entrance Meeting with Auditee

The entrance meeting is conducted to inform the auditee of details regarding the audit (GAGAS §8.20 - 8.26, Auditor Communication). The project manager will contact the auditee to schedule and conduct the entrance meeting. During this time, the project manager will present the entrance meeting memorandum, discuss the audit objectives, scope, time period, and request for a designated contact person. This is an interactive process in which the auditee may ask questions and make suggestions regarding audit related issues. (See Attachment 7)

• • • Fieldwork/Testing/Analysis

Fieldwork is conducted according to requirements for performance audits under the guidelines of GAGAS. The fieldwork requirements relate to planning the audit; conducting the entrance meeting, providing direction to the audit team members, obtaining audit evidence; and preparing all audit documentation (GAGAS §8.02, Fieldwork Standards for Performance Audits)

The Institute of Internal Auditors defines audit evidence as the information obtained through observing conditions, interviewing people, and examining records. Audit evidence is documentation and information which supports conclusions.

The project manager may begin fieldwork as soon as the entrance meeting is completed by collecting the necessary documentation and information. The project manager will collect relevant audit evidence to address the audit objectives. The project manager may use Departmental databases or other resources to identify the population. These resources can be reconciled to ensure the completeness of all evidence. The project manager should perform inquiries with Department personnel and conduct observations. (GAGAS §8.77, Identifying Sources of Evidence and the Amount and Type of Evidence Required, and §8.108, Overall Assessment of Evidence).

The project manager is responsible for the development of the testing instrument(s). The testing instrument(s) provides the data analysis to support the results of the audit. Questions should be simple and be developed for “Yes” or “No” type responses. Other responses may

include “Not Applicable” or “Unable to Determine,” for which a comment would be required. (See Attachment 8)

• • • Review of Audit Results

After completing the testing instrument, the project manager will review the results and develop audit findings. Throughout the audit, the project manager will coordinate and discuss preliminary results with the auditee. These preliminary results may be used by the auditee to initiate corrective action plans before the completion of the audit. (GAGAS §8.116 – 8.131, Findings, and §9.24, Reporting Findings, Conclusions, and Recommendations).

• • • Draft Report

The project manager is responsible for writing the audit report (GAGAS Chapter 9, Reporting Standards for Performance Audits). The report shall contain the following:

- Objectives, scope, and methodology of the audit.
- Audit results, including findings, conclusions, and recommendations, as appropriate.
- A summary of the views of responsible officials.
- The report may include sections entitled “Other Related Matters” or “Additional Information.”
 - Other Related Matters are defined as issues that are not measured within the scope of the audit; however, they may be supported by another Department policy or procedure. Other Related Matters may pose a risk to the audit subject and may continue to do so if not addressed.
 - The “Additional Information” section often supplies valuable

statistical data to the auditee.

All audit reports will be watermarked with “DRAFT” until the final report is completed. The project manager is responsible for submitting the draft report for final review to the Team Lieutenant, the HCO, Operations, and ultimately the Unit Commander.

• • • Quality Assurance Review

The project manager will provide the quality assurance reviewer with the work plan, the draft audit report, access to all audit work papers, and shared files. The quality assurance reviewer verifies the audit population, testing instrument(s), and the validity of the criteria. This process is a comprehensive review to evaluate if the results and conclusions are appropriately supported and begins during the Planning phase continuing until the draft report is completed. (GAGAS §5.22, Engagement Performance, General).

The quality assurance reviewer develops a list of notes in the established format, to include the page, section, and/or paragraph for the identifying note. (See Attachment 9) The notes should be concise, free of biased opinion, and based on factual information. The reviewer shall make every effort to perform research and communicate with the project manager to clarify information.

The project manager is responsible for responding to each note with a disposition. If the project manager disagrees with the note, they must show evidence or reason for their disposition. A meeting will be conducted to resolve disagreements of notes. Notes will be reviewed in open discussion with the team lieutenant and HCO. If an agreement cannot be reached, the Unit Commander and audit team will initiate a Round Table to resolve issues.

• • • Exit Meeting and Review

The exit meeting is conducted to provide the auditee with the final results of the audit (GAGAS §8.20 - 8.26, Auditor Communication). The project manager will provide details of the findings, at which time the auditee can discuss the results. The team lieutenant and/or the HCO will attend the

meeting along with the project manager and assistant project manager. After the exit meeting, Operations distributes a draft copy of the report to Executive Management. The auditee will have the opportunity to submit a formal memorandum response to be addressed to the Unit Commander of the AAB. The final draft report is also provided to the Office of the Inspector General for their review.

- • • Final Report

The final report is to be completed once the formal response is received. The auditee will provide a formal response memorandum stating concurrence or non-concurrence with the audit results (GAGAS Chapter 9, Reporting Standards for Performance Audits). The project manager prepares the Executive Summary Memorandum once a response is received. If a response is not received, the project manager will summarize the exit meeting discussion within the “Views of Responsible Officials” section of the audit report.

The final report shall include the Executive Summary, the formal response memorandum (if any), and the final report. The project manager, assistant project manager, and the HCO will sign the final report before submitting to Operations for the Unit Commander’s approval.

- • • Executive Distribution

Once the Unit Commander approves the final report, it is delivered to the Office of the Sheriff. (GAGAS §9.56, Report Distribution)

- • Documentation

- Audit Documentation
 - Archiving and Retention
-

- • • Audit Documentation

The project manager will ensure the following:

- **A binder is created to retain all work papers and original documents.**
 - **All team members shall store all work papers in the binder.**
 - **A Table of Contents is included to ensure organization.**
 - **Create and electronic file for storing audit documentation (electronic audit work papers.)**
 - **All documents containing original signatures and notes will be scanned for storage.**
-

• • • **Archiving and Retention**

All audit reports including original signatures are maintained in the AAB office. The project manager submits the completed audit binder and the electronic shared folder to the Team Lieutenant for review. Once this review is complete, the Team Lieutenant signs the binder review checklist and submits the documentation to the HCO for archiving.

All completed binders are stored in a secured file cabinet at AAB. The location of the file folders is documented and maintained within the shared files, entitled the AAB File Catalog folder entitled Master Archive Catalog.

Operations will update and maintain the Master Archive Catalog. The retention time of documents are processed as directed by the Department's Manual of Policy and Procedures Section 5-07/290.15, Administrative Documentation/Materials. The minimum retention requirement for audit documentation and special project documentation is 3 years. Shooting analysis documentation is kept indefinitely. The Unit Commander has the discretion to extend the retention of all audit documents.

• • **Internal Audit Follow-Up Procedures**

The follow-up phase of the audit process (interdepartmental) begins 30-days after the audit report is completed. The initial request for follow-up will be sent via County mail and Department e-mail. The due date for response to the recommendations will be indicated in the request. The

status of all recommendations are categorized by the following three dispositions:

- **Implemented – The Departmental unit(s) supported and fulfilled all elements of the recommendation.**
- **In-Progress – Based on the information provided, the Departmental unit(s) support the recommendation and are in progress of fulfilling all elements of the recommendation. Additional follow-up is required.**
- **Not Implemented – The recommendation was not fulfilled (management disagrees or; unable to implement or; process already changed).**

Responses may be provided in a memorandum, completed recommendation response plan, corrective action plan, or another form of similar correspondence. Proof of practice and supporting documentation will be required in order to deem the recommendation as “Implemented.”

After the initial follow-up request, the AAB will continue to contact the concerned auditee, or designee, on an on-going basis, and request a status update of the implementation process until the recommendation(s) is categorized as “implemented” or “not-implemented.”

All responses and any actions taken by the respective executive managers in an effort to successfully resolve the recommendations will be documented. The status of all recommendations will be tracked and all data will be provided to the Sheriff, and his staff, on a monthly basis. All recommendations that have not been implemented will be presented to the Sheriff in the Semi-Annual Recommendations Follow-Up Report, which outlines the details of all responses.

-
- **Special Projects**
 - **External Projects**
 - **Shooting Analysis Committee**

-
- • **External Projects**

The Department periodically receives reviews, audits, evaluations, analyses reviews, and other reports conducted by external entities. External entities are organizations outside the Los Angeles County Sheriff's Department, such as, but not limited to, the Los Angeles County Office of Inspector General (OIG), California State Auditor, Civilian Oversight Commission (COC), and Sybil Brand Commission for Institutional Inspections.

Upon the AAB's receipt of any report by an external entity requiring a formal Department response, the AAB will draft the formal response, on behalf of the Sheriff, based on the information provided to the Constitutional Policing Advisor by the concerned Department unit(s).

External requests sent to AAB will be assigned a tracker number. The request will be sent to the concerned unit for analysis and response, whether formal or informal. AAB will collect the information, track the response, and record all actions under the respective tracker number.

After receiving the response from the concerned unit, AAB will forward the response to the requester. In instances where the nature of the request deems it appropriate to do so, AAB may forward the response to the concerned Department executive for dissemination approval. Should a formal response be provided by the executive level of the Department, or if AAB forwards the response directly to the requester, AAB will receive and retain a copy of the response in AAB's electronic files.

The AAB will forward the formal response draft to the Executive Offices for review and approval by the Sheriff and/or designated Executive Staff. After the formal response to the recommendations is provided, the AAB will monitor all recommendations and Department actions.

The AAB will maintain contact with the concerned Assistant Sheriff, or designee, regarding status updates (i.e. completed recommendation response plans, corrective action plans, and/or supporting documentation).

All follow-up action information will be recorded on a tracker maintained by AAB's Special Projects Lieutenant.

1 Background, Pg. 1	First paragraph, second sentence "contained an element concerning the actions of Desk Operations personnel." Vague statement that should be elaborated. If this is a basis for the audit, we need to indicate the concerns in order to make sure they are properly addressed in the audit objectives.	Addressed w/ PM 03/21/19	
2 Background, Pg. 1	Third paragraph, first sentence, delete the word "the" before "Desk" and add the word "personnel" after the word "Operators".	Deleted + added 03/21/19	
3 Background, Pg. 1	Third paragraph, third sentence, add the word "personnel" after "Operators".	Added 03/21/19	
4 Background, Pg. 2	Third paragraph, "Watch Deputies, Dispatchers, and Complaint Position personnel". The next three paragraphs need to be in the exact same order explaining the three positions.	Deleted 03/21/19	
5 Methodology, Scope, Pg. 3	The three objectives broken down in bullet points on the top of the page need to be separated with a space between each bullet point.	Deleted 03/21/19	
6 Methodology, Scope, Pg. 3	First paragraph under bullet points. It looks like you need to indicate that your first sentence is related to Objective No. 1. You clearly state what falls under Objectives No. 2 and No. 3.	Deleted 03/21/19	
7 Methodology, Audit Population, Pg. 3	Second paragraph addressing Objective No. 1. States you examined 152 training records. However, it doesn't state what you population was for each objective and if any were excluded and why. Objective No. 1a, 1b, and 1c have a population of 90 that were tested and Objective No. 1d has a population of 61 or 62 (need to address test with PM for correct number).	Clarification added 03/21/19	
8 Methodology, Audit Population, Pg. 4	Second paragraph addressing Objective No. 2c states you identified 72 weekly telephone service audits. According to the test papers, I identified 37 (need to address test with PM for correct numbers).	Addressed w/ QA 03/21/19

9 Methodology, Audit Population, Pg. 4	Footnote No. 4, I think you need to define what a "code three response" is. Someone reading this outside of law enforcement would not know what a code three response is.	Left there for added 03/21/19	
10 Methodology, Summary of Audit Findings, Pg. 5	Table No. 2 percentages might change as a result of percentages not matching up with QA's findings. Need to address test with PM for correct percentages.	Made 03/21/19	
11 Objective No. 1, Criteria, Pg. 6	FOD 04-03 states personnel should attend training as soon as possible. The same FOD states they must take a test and pass within the first 30 days of assignment. So is the "soon as possible" time frame within the 30 days?	Addressed w/ QA - This is under a more review	
12 Objective No. 1(a), Results, Pg. 6	I got "63 of the 90 (70%)" met the standard which is different from your "61 of the 90 (68%)". Also, I got "27" did not meet the standard compared to your "29" that did not meet the standard. Did you test how long each individual in your population had been assigned to Desk Operations? Is the "as soon as possible" time frame within the 30 days they have to take and pass the test? Could be something to look at and address in "Other Related Matters and Recommendation".	Addressed w/ QA - This is under a more review	
13 Objective No. 1(b), Procedures, Pg. 7	Do you want to indicate that, "Auditors examined the training folders to determine if each employee completed and passed the associated test which was signed off by a supervisor".	Deleted 03/21/19	
14 Objective No. 1(b), Results, Pg. 7	I got "30 of the 90 (33%)" met the standard which is different from your "32 of the 90 (36%)". Also I got "60" did not meet the standard compared to your "58".	Deleted 03/21/19	
15 Objective No. 1(c), Criteria, Pg. 7	According to this criteria, you must measure the Watch Deputies responsibilities. Should find something related to making sure each employee completed a training checklist.	Deleted 03/21/19 Added w/ QA	
16 Objective No. 1(c), Procedures, Pg. 7	Do you want to indicate that, "Auditors examined each training folder belonging to employees assigned to the Desk Operations to determine if a training checklist was on file, completed, and signed off by a supervisor".	Deleted 03/21/19	
17 Objective No. 1(c), Results, Pg. 7	I got "21 of the 90 (23%)" met the standard which is different from your "20 of the 90 (22%)". Also I got "41" did not meet the standard compared to your "40".	Deleted w/ QA 03/21/19

Objective No. 11(i) Procedures, Pg. 8	"Auditors also conducted the same test as Objective No. 2(a), 10(b), and 11(d) for these employees. Employees meeting either of those requirements were deemed to be compliant with this objective as the stricter standards of Objective Nos. 11(a), 11(b), and 11(c) supersede the requirements of Objective No. 11(i)." This is Objective 11(i). I don't think you should be referencing Objective 11(i) when discussing procedures for Objective 11(i).	COMPLIANT 20 4.1.19	
Objective No. 11(i) Results, Pg. 8	I got "19 of the 61 (31%) met the standard which is different from your "20 of the 62 (32%)". Where did we get the number "Forty-two" from. The numbers do not add up. Your populations for Objectives No. 11) indicate 152 training records. 96 sworn and 56 civilian. Objectives No. 11(a), 11(b), and 11(c) have a total population of 96 and Objective No. 11(i) shows 62. No where does it explain how you arrived at these populations when you indicated you identified and examined 152 training records.	ADDED w/ OA 20 4.1.19	
Objective No. 11(i) Footnote, Pg. 8	I would use this footnote as part of your criteria. I don't think there is a need to have this footnote if you can work it into the criteria.	COMPLIANT 20 4.1.19	
Objective 21(b), Results, Pg. 9	I got "50 of the 84 (60%)" met the standard which is different from your "48 of the 84 (57%)". There is no number for those that did not meet the standard like the previous objective results. Let's be consistent with our format.	Δ MADE	
Objective No. 21(c), Criteria, Pg. 9	Provide the source for your criteria.	ADDED 20 4.1.19	
Objective No. 21(c), Procedures, Pg. 9	Last sentence, "During our field work, Watch Commanders at each of the East Patrol Division stations indicated that the weekly telephone service audits are not conducted". This is not part of the procedure. This should be addressed in other related matters or additional information on or just left in your work papers.	COMPLIANT 20 4.1.19	
Objective No. 21(c), Results, Pg. 9	I came up with "87" required weekly telephone calls according to your work papers.	COMPLIANT 20 4.1.19, COACHED w/ SUPERVISOR	
Footnote, Pg. 9	I don't think you need this as a footnote. Just address it in "Other Related Matters".	COMPLIANT 4.1.19

Objective No. 3(a), Criteria, Pg. 10	Second Criteria "Starter Desk Manual" section is quoted. Should it reflect that it is the "Desk Operations Manual" according to your source documents used for this audit draft.	COMPLIANT 20 4.1.19	
Objective No. 3(a), Results, Pg. 10	"Auditors found that 906 of the 411 calls (99%) met the standard." is not the correct format used in addressing the results. It should start out as "Four hundred six of the 411".	Δ MADE 20 4.1.19	
Other Related Matters, Training Test, Pg. 12	Second paragraph: You stated, "The test are not difficult", I don't think this statement should be in the audit report. It is stating an opinion. This test may not be difficult for some, but it may be difficult for others. I think we should leave that state next out.	Δ MADE 20 4.1.19	
Other Related Matters, Scenario-Based Training, Pg. 12	The first sentence references "number of the required MDCS trainings offer a component". I think you should indicate what each training course is or at least name each course for more clarification. We don't want the reader to have to flip back the pages to see what training courses you are referring to.	DESIGNED 20 4.1.19 SOURCE ADDED	
Recommendations, Pg. 13	Recommendation No. 1. Do not start the paragraph with the word "Because".	Δ MADE 20 4.1.19	
Recommendations, Pg. 13	Recommendation No. 1. Do not start the paragraph with the word "Although".	Δ MADE 20 4.1.19	
Recommendations, Pg. 14	Recommendation No. 5. This should be the first recommendation since it deals with Objective No. 20(i). All the other recommendations deal with Other Related Matters. Make sure each objective follows the order in which they were addressed in your audit draft report.	Δ MADE 4.1.19

INTRODUCTION

This report is to provide an independent and objective analysis of (how many) separate shooting incidents involving Deputy XXX, currently assigned to XXX Station. In accordance with Department policy, a Shooting Analysis Committee (SAC) was convened with the task of assessing the shooting incidents from a tactical, training, and risk management perspective, and to report those findings to the Critical Incident Review Panel (CIRP).

The SAC was comprised of the following personnel: Lieutenant XXX from Special Enforcement Bureau, Lieutenant XXX from Training Bureau, Lieutenant XXX from Internal Affairs Bureau, Lieutenant XXX from Risk Management Bureau, Lieutenant XXX from Homicide Bureau, Lieutenant XXX from XXX Station, and Captain XXX from the Audit and Accountability Bureau (AAB) as chairperson.
