- Mission Statement

The mission of the Audit and Accountability Bureau (AAB) is to provide an independent, objective, thorough analyses designed to assess and improve our policies, procedures, and practices. AAB supports the Department in accomplishing its objectives by undertaking systematic disciplined audits and non-audit functions in the effectiveness of the Department's risk management, internal controls, and governing processes. In doing so, AAB assists in bringing transparency and accountability to the Department's operations and management.

Manual of Policies and Procedures, Section 3-04/040.00, Audit and Accountability Bureau

• • Authority and Responsibilites

AAB is granted Departmental internal oversight authority by, and reports directly to, the Sheriff. AAB is granted complete access to all Department records (manual or electronic), physical properties, and personnel relevant to audits and non-audit functions, including but not limited to all search warrants, confidential informant packages, arrest and incident reports, complaint inquiries, criminal investigations, administrative investigations, use of force investigations, electronic communications, personnel records, and any documents deemed necessary. All documents and information provided to internal auditors during an audit will be handled with confidentiality and due consideration. Manual of Policies and Procedures, Section 3-04/040.10, Authorization

The Audit and Accountability Bureau shall, at the direction of the Sheriff or his designee: Conduct Law Enforcement Performance Audits;

- Develop an annual audit plan;
- Be guided by Generally Accepted Government Auditing Standards;
- Conduct non-audit functions, examinations, reviews, agreed upon procedures, and special projects;
- Serve as a resource to other Department units in conducting audits;
- Review established systems, policies, and procedures to evaluate compliance with laws and regulations;
- Evaluate plans and actions taken to correct reported issues and concerns; and
- Convene Shooting Analysis Committee meetings and assess employee involved shootings and critical incidents when called upon by policy and/or the Critical Incident Review Panel.

Manual of Policies and Procedures, Section 3-04/040.30, Responsibilities

• • Confidentiality and Independence

The Audit and Accountability Bureau (AAB) adheres to the Department's Manual of Policy and Procedures (MPP), Unit Orders, and Generally Accepted Government Auditing Standards (GAGAS) pertaining to audits or other related projects, including requests from external entities. All personnel who conduct or assist with these projects are required to exercise confidentiality and be free from personal and/or external impairments to independence, which may compromise professional

judgment.

The AAB conducts Audit/Projects under the guidance of the GAGAS. These professional standards, also known as the "Yellow Book," provide a framework for performing high-quality audit work with competence, integrity, objectivity, and independence to provide accountability and to help improve operations and services. The GAGAS (General Requirements for Complying with Government Auditing Standards §2.15, Relationship between GAGAS and Other Professional Standards) recognizes that for performance audits, auditors may use other professional standards. This would include the International Standards for the Professional Practice Framework (IPPF), also known as the "Red Book," and is authored by the Institute of Internal Auditors.

All projects assigned to the AAB are deemed confidential and sensitive in nature until the Unit Commander authorizes the release or publication of the information. All members of the AAB will exercise the utmost discretion and maintain the integrity of all information related to any project. Members will not disclose any information for professional or personal use without the approval of the Unit Commander or their designee. (See Attachment 1)

- • Auditing Duties and Responsibilities
 - Unit Commander

- Operations
- Audit Team Lieutenant (Team Lieutenant)
- Head Compliance Officer (HCO)
- The Audit Team
- Project Manager
- Assistant Project Manager
- Quality Assurance Reviewer
- Operations Assistant
- • Unit Commander

The Unit Commander is the chief auditor for the Audit and Accountability Bureau, who is responsible for the final review and approval of all audits and special projects. The Unit Commander effectively manages these responsibilities by communicating with Department management. Responsibilities include but are not limited to:

- Approve the Annual Audit Plan.
- Approve Proposal Memorandums.
- Conduct roundtable discussions with the audit team as necessary.
- Approve Executive Summaries and reports.
- Receive and acknowledge response memorandum from the auditee.
- Communicate project results to Department executives, the Office of Inspector General, and other Department management.
- • Operations

Operations personnel are responsible for reviewing and processing

project-related correspondence, draft and final reports for the Unit Commander's review and approval. Responsibilities include but are not limited to:

- Review proposal memorandums and assign project numbers as approved by the Unit Commander.
- Track and monitor the progress of all projects.
- Review draft and final reports and communicate the edits when necessary to the project manager, Head Compliance Officer (HCO), or team lieutenant.
- Facilitate the request for a response memorandum, via email, from the auditee.
- Distribute final draft reports to Executive Management and the Office of Inspector General for their review.

• • • Audit Team Lieutenant (Team Lieutenant)

The team lieutenant will provide administrative supervision and guidance for the assigned team personnel and related projects. Responsibilities include but are not limited to:

- Review, approve, and submit proposal memorandums to Operations for Unit Commander approval.
- Assign projects to team personnel and identify the project manager and assistant project manager.
- Review and approve all phases of the audit process and documentation to ensure timeliness.
- Participate in entrance and/or exit meetings.
- Facilitate communication between Department management.
- Conduct meetings with team personnel to obtain updates and provide guidance.

- Supervise the Quality Assurance Review phases.
- Ensure edits for reports are completed.
- Review final audit binders for completeness.

• • • Head Compliance Officer (HCO)

The HCO will review all phases of the audit to ensure consistency with auditing standards. The HCO assists the Audit Team Lieutenant, regarding the supervision of the auditors, both sworn and civilian. Responsibilities include but are not limited to:

- Provide audit expertise and guidance to the Unit Commander and all members of the AAB.
- Develop the Annual Audit Plan which addresses settlement agreements, Department of Justice mandates, and management departmental risk issues.
- Attend entrance and/or exit meetings as necessary.
- Participate in and/or conduct meetings with the audit team.
- Monitor each phase and ensure the timeliness of the audit.
- Ensure the accuracy of the draft report and communicate necessary edits to the project manager.
- Review Quality Assurance notes.
- Review the completed binder checklist.
- Ensure completed projects are archived.
- • The Audit Team

The audit team is comprised of law enforcement auditors, both sworn and

civilian. This team is responsible for completing mandated and risk based audits. The team will take direction from the team lieutenant and oversight from the HCO. The team lieutenant and HCO are responsible for identifying a Project Manager and Assistant Project Manager for each audit.

• • • Project Manager

The project manager is responsible for completing each step of the audit process. The project manager position can be assigned to a sergeant or a Law Enforcement Auditor (LEA), as this position is interchangeable. Responsibilities include but are not limited to:

- Prepare a proposal memorandum for Unit Commander approval.
- Develop the audit/project work plan by researching previous audits, including relevant Department policy and procedures, federal, state, and local laws, and legal agreements.
- Communicate any areas of concern to the Audit Team Lieutenant and HCO.
- Prepare an Entrance Meeting Memorandum and schedule an entrance meeting with the auditee.
- Identify the audit population.
- Prepare work papers.
- Identify and collect evidence and data.
- Develop the testing instruments.
- Conduct and oversee fieldwork and completion of testing instruments.
- Conduct analysis of results.
- Provide weekly updates to the Audit Team Lieutenant and HCO.
- Provide ongoing communication with the quality assurance reviewer.
- Ensure all Quality Assurance notes are addressed and cleared.

- Ensure that the audit is conducted in accordance with auditing standards.
- Ensure that work papers directly support results.
- Inform the auditee of audit results.
- Schedule and conduct an exit meeting with the auditee.
- Prepare the draft and final audit reports.
- Present audit results to Department executives as needed.
- Ensure work papers are complete, organized, and maintained in the shared files.
- Organize the audit binder and submit to the Team Lieutenant for review.
- • Assistant Project Manager

The assistant project manager is responsible for assisting the project manager in completing each step of the audit process. This position is also interchangeable and may be a sergeant or an LEA. Responsibilities include but are not limited to:

- Participate in all meetings with the project manager.
- Participate in the entrance and/or exit meeting with the auditee as necessary.
- Assumes role of the Project Manager in his/her absence or reassignment.
- • Quality Assurance Reviewer

The quality assurance review shall be conducted in accordance with auditing standards. Responsibilities for the Quality Assurance Reviewer but not limited to:

- Participate in audit team meetings as needed.
- Monitor and maintain open communication with the project manager throughout the audit process.
- Determine if the population selected for testing is sufficient and appropriate with an unbiased approach.
- Determine if the audit objectives are properly formulated and correlate to the required criteria. The criteria should be relevant, cited verbatim according to the reference, and directly support the objectives.
- Ensure the testing instruments are measurable and relevant to support the criteria with a clear disposition.
- Review the draft report to ensure the findings are consistent with the written narrative results, as supported by the evidence.
- Confirm audit work papers directly support results.
- Compile written notes for clarification of areas that are not appropriately cited or supported by the audit work papers.
- Ensure the project manager provides a written response for each note.

• • • Operations Assistant

The operations assistant is responsible for but are not limited to:

- Perform administrative duties to assist the audit team.
- Attend audit team meetings as necessary.
- Assist the HCO with the archiving process.
- Maintain and update the Audit Team Tracker.
- • Audit and Accountability Bureau Training Office
 - Training Sergeant

- Personnel Mentoring Program
- Audit Training and Continuing Professional Education
- Continuing Professional Education
- • Training Sergeant

The Training Sergeant's responsibilities include but are not limited to:

- Schedule and supervise bureau training for all AAB personnel.
- Complete Mentoring Program for all AAB personnel.
- Monitor Continuing Professional Training and Continuing Professional Education.
- Ensure staff are compliant with Department training policies and procedures.
- Organize and retain personnel training folders and certificates.
- Liaison with Department training and external training groups.
- Prepare all documentation for travel training for personnel attending training.
- Complete special projects assigned by management.
- • Personnel Mentoring Program

The Mentoring Program was designed to ensure all AAB personnel are provided direction and training to complete their assignment. The program will provide assistance to minimize the need to learn through trial and error.

The HCO and/or the Training Sergeant will act as the mentor(s) throughout the mentoring program. In addition to any other training or orientation provided, the mentor(s) will have the responsibility to direct and monitor the auditor throughout the identified assignments. The auditor will acknowledge an understanding of the subjects listed for each assignment. The mentor(s) will guide personnel with subjects that require further training. The HCO and/or the Training Sergeant will be responsible for monitoring the progress of the auditor. The Auditor Mentoring Program documents will be maintained in the AAB training files. (See Attachment 2)

• • Audit Training and Continuing Professional Education

Training and education are critical to AAB personnel. All AAB personnel are required to attend the Basic Law Enforcement Performance Auditor Course certified by the California Commission on Peace Officer Standards and Training. In addition, AAB personnel will also participate in the Los Angeles County Sheriff Department's Basic Law Enforcement Performance Auditor Course (No. 22711). The Training Sergeant is responsible for all training related matters.

AAB personnel possess professional certifications which lend great credibility to the AAB. Each certification demands different Continuing Professional Education requirements, and AAB personnel are responsible for completing the required Continuing Professional Education hours (GAGAS Section 4.16 - 4.29, Continuing Professional Education, General).

- Audit Process
 - The Audit Process
 - Documentation
 - Internal Audit Follow-Up Procedures
- • The Audit Process

The AAB audit process is governed by the Generally Accepted Government Auditing Standards (GAGAS) and is utilized in all audit related projects. See the Audit Process flow chart, (See Attachment 3).

• • • Audit Proposal

The audit proposal is the first step of the audit process. The team lieutenant and the HCO will assign the audit to the project manager, which is to be approved by the Unit Commander. (GAGAS §4.02 – 4.11, Competence, §8.31 – 8.32, Assigning Auditors). The project manager will submit a proposal memorandum to the Unit Commander for approval. (See Attachment 4) Once the memorandum is approved, a project number is issued by Operations. The project manager will utilize the Project Manager Duties and Responsibilities Checklist to assist in the completion of each phase of the audit. (See Attachment 5)

• • • Audit Work Plan Development

The project manager begins the planning phase of the audit and develops the Audit Work Plan (GAGAS §8.03 – 8.07, Planning, §8.33 – 8.35, Preparing a Written Audit Plan). The project manager will develop the work plan according to the scope of the audit/project. The Audit Work Plan documents the audit objectives and addresses relevant risks. The Audit Work Plan will include the audit scope and methodology, which support the audit objectives. This provides assurance that the data gathered is sufficient and appropriate. (See Attachment 6) Once the Audit Work Plan prepared, the project manager will submit it to the Unit Commander for approval.

Auditors also conduct various projects, including examinations, reviews, compilations and agreed upon procedures, and are required to apply the same auditing standards and processes (GAGAS §7.34, Examination Engagement Documentation).

The project manager should determine the audit population, including the best way to retrieve that data. The population may vary depending upon the audit. Population is defined by the Institute of Internal Auditors as the following:

...Population is defined as, the entire set of data from which a sample is selected and about which the internal auditor wishes to draw conclusions.

• • • Entrance Meeting with Auditee

The entrance meeting is conducted to inform the auditee of details regarding the audit (GAGAS §8.20 - 8.26, Auditor Communication). The project manager will contact the auditee to schedule and conduct the entrance meeting. During this time, the project manager will present the entrance meeting memorandum, discuss the audit objectives, scope, time period, and request for a designated contact person. This is an interactive process in which the auditee may ask questions and make suggestions regarding audit related issues. (See Attachment 7)

• • • Fieldwork/Testing/Analysis

Fieldwork is conducted according to requirements for performance audits under the guidelines of GAGAS. The fieldwork requirements relate to planning the audit; conducting the entrance meeting, providing direction to the audit team members, obtaining audit evidence; and preparing all audit documentation (GAGAS §8.02, Fieldwork Standards for Performance Audits)

The Institute of Internal Auditors defines audit evidence as the information obtained through observing conditions, interviewing people, and examining records. Audit evidence is documentation and information which supports conclusions.

The project manager may begin fieldwork as soon as the entrance meeting is completed by collecting the necessary documentation and information. The project manager will collect relevant audit evidence to address the audit objectives. The project manager may use Departmental databases or other resources to identify the population. These resources can be reconciled to ensure the completeness of all evidence. The project manager should perform inquiries with Department personnel and conduct observations. (GAGAS §8.77, Identifying Sources of Evidence and the Amount and Type of Evidence Required, and §8.108, Overall Assessment of Evidence).

The project manager is responsible for the development of the testing instrument(s). The testing instrument(s) provides the data analysis to support the results of the audit. Questions should be simple and be developed for "Yes" or "No" type responses. Other responses may

include "Not Applicable" or "Unable to Determine," for which a comment would be required. (See Attachment 8)

• • • Review of Audit Results

After completing the testing instrument, the project manager will review the results and develop audit findings. Throughout the audit, the project manager will coordinate and discuss preliminary results with the auditee. These preliminary results may be used by the auditee to initiate corrective action plans before the completion of the audit. (GAGAS §8.116 – 8.131, Findings, and §9.24, Reporting Findings, Conclusions, and Recommendations).

• • • Draft Report

The project manager is responsible for writing the audit report (GAGAS Chapter 9, Reporting Standards for Performance Audits). The report shall contain the following:

- Objectives, scope, and methodology of the audit.
- Audit results, including findings, conclusions, and recommendations, as appropriate.
- A summary of the views of responsible officials.
- The report may include sections entitled "Other Related Matters" or "Additional Information."
 - Other Related Matters are defined as issues that are not measured within the scope of the audit; however, they may be supported by another Department policy or procedure. Other Related Matters may pose a risk to the audit subject and may continue to do so if not addressed.
 - The "Additional Information" section often supplies valuable

statistical data to the auditee.

All audit reports will be watermarked with "DRAFT" until the final report is completed. The project manager is responsible for submitting the draft report for final review to the Team Lieutenant, the HCO, Operations, and ultimately the Unit Commander.

• • • Quality Assurance Review

The project manager will provide the quality assurance reviewer with the work plan, the draft audit report, access to all audit work papers, and shared files. The quality assurance reviewer verifies the audit population, testing instrument(s), and the validity of the criteria. This process is a comprehensive review to evaluate if the results and conclusions are appropriately supported and begins during the Planning phase continuing until the draft report is completed. (GAGAS §5.22, Engagement Performance, General).

The quality assurance reviewer develops a list of notes in the established format, to include the page, section, and/or paragraph for the identifying note. (See Attachment 9) The notes should be concise, free of biased opinion, and based on factual information. The reviewer shall make every effort to perform research and communicate with the project manager to clarify information.

The project manager is responsible for responding to each note with a disposition. If the project manager disagrees with the note, they must show evidence or reason for their disposition. A meeting will be conducted to resolve disagreements of notes. Notes will be reviewed in open discussion with the team lieutenant and HCO. If an agreement cannot be reached, the Unit Commander and audit team will initiate a Round Table to resolve issues.

• • • Exit Meeting and Review

The exit meeting is conducted to provide the auditee with the final results of the audit (GAGAS §8.20 - 8.26, Auditor Communication). The project manager will provide details of the findings, at which time the auditee can discuss the results. The team lieutenant and/or the HCO will attend the

meeting along with the project manager and assistant project manager. After the exit meeting, Operations distributes a draft copy of the report to Executive Management. The auditee will have the opportunity to submit a formal memorandum response to be addressed to the Unit Commander of the AAB. The final draft report is also provided to the Office of the Inspector General for their review.

• • • Final Report

The final report is to be completed once the formal response is received. The auditee will provide a formal response memorandum stating concurrence or non-concurrence with the audit results (GAGAS Chapter 9, Reporting Standards for Performance Audits). The project manager prepares the Executive Summary Memorandum once a response is received. If a response is not received, the project manager will summarize the exit meeting discussion within the "Views of Responsible Officials" section of the audit report.

The final report shall include the Executive Summary, the formal response memorandum (if any), and the final report. The project manager, assistant project manager, and the HCO will sign the final report before submitting to Operations for the Unit Commander's approval.

• • • Executive Distribution

Once the Unit Commander approves the final report, it is delivered to the Office of the Sheriff. (GAGAS §9.56, Report Distribution)

- • Documentation
 - Audit Documentation
 - Archiving and Retention
- • Audit Documentation

The project manager will ensure the following:

- A binder is created to retain all work papers and original documents.
- All team members shall store all work papers in the binder.
- A Table of Contents is included to ensure organization.
- Create and electronic file for storing audit documentation (electronic audit work papers.)
- All documents containing original signatures and notes will be scanned for storage.
- • Archiving and Retention

All audit reports including original signatures are maintained in the AAB office. The project manager submits the completed audit binder and the electronic shared folder to the Team Lieutenant for review. Once this review is complete, the Team Lieutenant signs the binder review checklist and submits the documentation to the HCO for archiving.

All completed binders are stored in a secured file cabinet at AAB. The location of the file folders is documented and maintained within the shared files, entitled the AAB File Catalog folder entitled Master Archive Catalog.

Operations will update and maintain the Master Archive Catalog. The retention time of documents are processed as directed by the Department's Manual of Policy and Procedures Section 5-07/290.15, Administrative Documentation/Materials. The minimum retention requirement for audit documentation and special project documentation is 3 years. Shooting analysis documentation is kept indefinitely. The Unit Commander has the discretion to extend the retention of all audit documents.

Internal Audit Follow-Up Procedures

The follow-up phase of the audit process (interdepartmental) begins 30days after the audit report is completed. The initial request for follow-up will be sent via County mail and Department e-mail. The due date for response to the recommendations will be indicated in the request. The status of all recommendations are categorized by the following three dispositions:

- Implemented The Departmental unit(s) supported and fulfilled all elements of the recommendation.
- In-Progress Based on the information provided, the Departmental unit(s) support the recommendation and are in progress of fulfilling all elements of the recommendation. Additional follow-up is required.
- Not Implemented The recommendation was not fulfilled (management disagrees or; unable to implement or; process already changed).

Responses may be provided in a memorandum, completed recommendation response plan, corrective action plan, or another form of similar correspondence. Proof of practice and supporting documentation will be required in order to deem the recommendation as "Implemented."

After the initial follow-up request, the AAB will continue to contact the concerned auditee, or designee, on an on-going basis, and request a status update of the implementation process until the recommendation(s) is categorized as "implemented" or "not-implemented."

All responses and any actions taken by the respective executive managers in an effort to successfully resolve the recommendations will be documented. The status of all recommendations will be tracked and all data will be provided to the Sheriff, and his staff, on a monthly basis. All recommendations that have not been implemented will be presented to the Sheriff in the Semi-Annual Recommendations Follow-Up Report, which outlines the details of all responses.

- Special Projects
 - External Projects
 - Shooting Analysis Committee
- • External Projects

The Department periodically receives reviews, audits, evaluations, analyses reviews, and other reports conducted by external entities. External entities are organizations outside the Los Angeles County Sheriff's Department, such as, but not limited to, the Los Angeles County Office of Inspector General (OIG), California State Auditor, Civilian Oversight Commission (COC), and Sybil Brand Commission for Institutional Inspections.

Upon the AAB's receipt of any report by an external entity requiring a formal Department response, the AAB will draft the formal response, on behalf of the Sheriff, based on the information provided to the Constitutional Policing Advisor by the concerned Department unit(s).

External requests sent to AAB will be assigned a tracker number. The request will be sent to the concerned unit for analysis and response, whether formal or informal. AAB will collect the information, track the response, and record all actions under the respective tracker number.

After receiving the response from the concerned unit, AAB will forward the response to the requester. In instances where the nature of the request deems it appropriate to do so, AAB may forward the response to the concerned Department executive for dissemination approval. Should a formal response be provided by the executive level of the Department, or if AAB forwards the response directly to the requester, AAB will receive and retain a copy of the response in AAB's electronic files.

The AAB will forward the formal response draft to the Executive Offices for review and approval by the Sheriff and/or designated Executive Staff. After the formal response to the recommendations is provided, the AAB will monitor all recommendations and Department actions.

The AAB will maintain contact with the concerned Assistant Sheriff, or designee, regarding status updates (i.e. completed recommendation response plans, corrective action plans, and/or supporting documentation).

All follow-up action information will be recorded on a tracker maintained by AAB's Special Projects Lieutenant.

Shooting Analysis Committee

The AAB has administrative responsibility for the Shooting Analysis Committee (SAC) process (MPP 3-09/330.05, Shooting Analysis Committee). The SAC is chaired by the AAB Unit Commander and comprised of the AAB Special Projects Team Lieutenant, team investigators, the Constitutional Policing Advisor, the Chief Legal Advisor, and a lieutenant from the following units:

- Homicide Bureau (for hit shootings only)
- Training Bureau
- Risk Management Bureau
- Special Enforcement Bureau
- Internal Affairs Bureau (for non-hit shootings)
- The involved employee's unit of assignment

The AAB Special Projects Team is responsible for conducting Shooting Analyses. All projects will be conducted in accordance with Department policy. The team is comprised of a lieutenant, sergeants, and professional staff. All Shooting Analyses are to be completed within 30 days from the Critical Incident Review Panel (CIRP) unless otherwise directed by the CIRP and/or AAB Unit Commander. The Sheriff may direct a Special Shooting Analysis of any current Department members who were previously involved in three or more shootings. Special Shooting Analyses are to be completed within 30 or 60 days after being assigned by the AAB Unit Commander. The completion time may be extended upon AAB Unit Commander approval.

• • • Team Lieutenant Responsibilities

The team lieutenant will provide supervision and guidance over assigned personnel. Responsibilities include but are not limited to:

- Attend the initial CIRP presentations.
- Verify all relevant documents and information are collected.
- Ensure all personnel assigned to the SAC are provided pertinent documents for their review prior to the SAC.
- Conduct AAB (pre-CIRP) meetings, assess all PowerPoint presentations and reports.
- Ensure all personnel assigned to the CIRP are provided pertinent documents for their review prior to the CIRP.
- Attend Shooting Analysis presentations for the CIRP.

• • • Team Sergeants Responsibilities

The team sergeants are responsible for completing each step of the Shooting Analysis. Responsibilities include but are not limited to:

- Attend the initial CIRP.
- Conduct fieldwork and obtain all necessary documents and information.
- Place electronic copies of all documents obtained in the SAC shared folder.
- Create a Shooting Analysis binder to ensure essential information is

available for each SAC presentation and the CIRP. (See Attachment 10)

- Review all documentation to assess the incident from a tactical, training, and risk management perspective.
- Prepare PowerPoint presentations summarizing the incidents in chronological order utilizing the PowerPoint template. (See Attachment 11)
- Retain draft reports and draft PowerPoint presentations in the AAB shared files.
- Present Shooting Analyses to SAC members.
- Revise presentations with any new information gathered from SAC findings.
- Submit draft reports and printed PowerPoint presentations to the AAB Shooting Analysis Professional Staff member for initial review.
- Forward Shooting Analyses to team lieutenant for secondary review. (See Attachment 12)
- Present Shooting Analyses to CIRP.
- Provide the final report to the AAB Unit Commander for final review and approval.
- • Professional Staff Responsibilities

The professional staff is responsible for organizing the SAC. Professional staff responsibilities include but are not limited to:

- Obtain project numbers from AAB Operations.
- Track and monitor target dates and deadlines. (See Attachment 13)
- Conduct initial review of draft reports and printed PowerPoint presentations.

- Schedule pre-CIRP discussion.
- Create a secure electronic folder for the Shooting Analysis in the AAB shared files. Professional staff will allow access into the AAB Shared File for SAC members to review Shooting Analysis documentation.
- Identify the SAC members and send notification of presentation meetings.
- Submit the SAC final report to select Department Executives.
- Coordinate the CIRP presentation and prepare binders for participants.
- Assist the team sergeants in organizing the Shooting Analysis documents for the archiving binder before and after the CIRP presentation. The Shooting Analysis archiving checklist shall be used for document organization. (See Attachment 14)
- Maintain the updated disposition status of the involved employee named in the Shooting Analysis.
- Email the updated tracker to Special Projects Team personnel and AAB Operations weekly.
