2-01-635 MRSA Cleanliness Officer

RESPONSIBLE TO: Maintenance/ Special Projects Supervising Line Deputy

WORK SCHEDULE: Five day post, Monday through Friday, Day Shift

GENERAL DUTIES:

The MRSA Cleanliness Officer is responsible for the overall cleanliness of the facility to ensure the prevention of Methicillin-resistant Staphylococcus aureus (MRSA).

SPECIFIC DUTIES:

- Pick up the inmates assigned to Work Group 5 from South Facility at the in-and-out shack.
- Supervise the inmates assigned to Work Group 5 while they clean the administration buildings. This includes all staff locker rooms, restrooms, briefing room, administrative offices, and main control.
- Maintain immediate security of assigned inmates at all times.
- Work Group 5 is not to mingle or communicate with any other inmates while working.
- Return the inmates from Work Group 5 to the in-and-out shack at South Facility.
- Assist the utility officer, ranger 5, maintenance officer, and maintenance/special projects supervising line deputy with the overall cleanliness of the facility and any special projects.

RESPONSIBILITIES OF EVERY DEPARTMENT MEMBER:

All personnel are expected to assist inmates seeking available programs offered throughout the Los Angeles County Sheriff's Department (LASD) jail system, including Education Based Incarceration (EBI). All inmates are issued a copy of jail rules and regulations and subject to discipline for violating those rules. It is extremely important the actions of all Department members are predicated on upholding respect and professionalism, even in situations where authoritative action or force is required.
