The approval and the name of the lieutenant giving approval shall be noted in the investigator's notebook or "Red Book" for historical reference.

County vehicles shall not be utilized during off-duty hours, with the exception of those personnel who are in-transit to or from an assignment. Proper care shall also be utilized to maintain and protect County vehicles and County property stored within such vehicles. Additional information regarding the care of County property can be found within the Manual of Policy and Procedures.

Homicide Bureau personnel who have a need to drive a County vehicle while off-duty shall obtain prior approval from a supervisor of at least the rank of lieutenant.

There may be extremely limited situations wherein personnel may be specifically authorized to consume alcoholic beverage in order to maintain the covert nature of an investigation; however, at no time shall personnel drive a County vehicle or a mileage permittee vehicle while under the influence of an alcoholic beverage.
