

6-19/210.50 Inventory of Property

In an attachment levy, CCP 488.130 requires the levying officer to make a full inventory of property attached and return the inventory with the writ. If a keeper is installed, the keeper shall immediately commence to take an inventory of all personal property subject to the levy. The inventory should be in detail as to such items as fixtures, furniture, equipment, and machinery, and may be general as to items such as stock in trade, supplies and manufactured products. If property is to be moved to storage or sold, a detailed inventory will be required of all items included. The inventory should be taken in triplicate, one copy for the plaintiff, one copy for the levying officer's file, and the original to be returned to court with the writ.
