

## 6-33/000.00 Tax Collections and Liens

---

### • 6-33/100.00 Tax Collections and Liens

When a tax debt is owed, California and federal law allows an automatically statutory lien that attaches to all real or personal property the taxpayer owns or has a right to. A Notice of (State or IRS) Lien is sent to the taxpayer. If the taxpayer does not respond to Notice, pay in full, or set up a payment plan, a Notice of (State or IRS) Tax Lien may be filed. This secures and protects the tax debt owed to the county, state, or Internal Revenue Service (IRS). A Notice of (State or IRS) Tax Lien does not actually create a lien, it merely informs others of a lien that already exists by statute. However, the date of the Notice filing is important for determining the priority against other creditors.

An IRS Notice of Federal Tax Lien is publicly filed with the state and county jurisdictions. A California Notice of State Tax Lien can be:

- Recorded with one or more county recorders (real property)
  - Filed with the California Secretary of State (personal property)
- 

### • • 6-33/110.00 Priority of Tax Liens and Writs of Attachment or Execution

A tax claim of the State of California, or a county, does not have a preference over specific liens, such as those of attachments, created in favor of third parties before the state or county commences proceedings to enforce its claim, unless the statute creating the tax shows legislative intent to give it priority. ([People v. Biscailuz, 95 CA 2d 635](#); [Home Owners' Loan Corporation v. Hansen, 38 CA 2d 748](#)) No general rule as to priority of such taxes can be given. The question as to whether a particular tax has priority over an attachment or execution levy can be determined only from the specific legislative enactment authorizing the tax involved. The legislative intent to give priority to a tax lien need not be declared in express terms if the intent appears by reasonable inference. ([Guinn v. McReynolds, 177 CA 230](#))

### • 6-33/200.00 County Taxes

---

### • • 6-33/210.00 Property Taxes Secured by Real Estate

Every tax on real estate is a lien against the property assessed. ([RTC 2187](#); [GC 43001](#)) Taxes on improvements may be made a lien on real estate of the owner of such improvement. ([RTC 2188, 2188.2](#)) A tax on personal property is a lien on the owner's real property in the county, if the fact of the lien is shown on the secured assessment roll opposite the description of the real estate. ([RTC 2189](#); [GC 43001](#)) These tax liens attach annually at 12:01 a.m. on the first day of January preceding the fiscal year for which the taxes are levied. ([RTC 2192](#)) They have the effect of an execution duly levied against the property subject to the lien. ([RTC 2193](#)) The legislature has the power to make tax liens on real property have been held to be a paramount lien. ([California Loan v. Weis, 118 C 489](#); [Courtney v. Byram, 54 CA 2d 769](#))

---

## • • 6-33/220.00 Unsecured Personal Property Taxes

Officials collecting taxes on unsecured personal property are authorized to file a certificate stating amount of tax, penalty, and interest due, together with information relating to assessee liable for amount due with the clerk of the court. ([RTC 3101](#)) The clerk of the court, immediately upon the filing of the certificate, shall enter a judgment for the county against the assessee in the amount of the tax, etc. ([RTC 3102](#))

---

## • • 6-33/230.00 Force and Effect

An abstract or copy of the judgment may be recorded in the office of the county recorder of any county. From the time of the recording, the amount of the tax, penalty, and interest constitutes a lien upon all property of the assessee in the county owned by him at the time, or acquired thereafter, before the lien expires. The lien has the force, effect and priority of a judgment lien and continues for ten years from the date of the recording, unless sooner released or otherwise discharged. Periodically, ten-year extensions of the lien may be had. ([RTC 3103](#))

Upon the request of the official collecting the taxes, execution may issue upon such judgment, and levies and sales may be held thereunder, as prescribed in the Code of Civil Procedure. ([RTC 3106](#))

---

## • • 6-33/240.00 Seizure and Sale

Generally, the Sheriff's Department is not the levying officer and is not involved regarding seizing and selling of personal property. When taxes due on property are not secured by sufficient real estate, such taxes may be collected by the "seizure and sale," by the county Tax Collector of personal property, improvements and possessory interests belonging or assessed to the taxpayer. ([RTC 2951, 134](#)) Notice of the time and place of sale must be given at least one week before the sale by publication in a newspaper in the county, or by posting in three public places. ([RTC 2957](#)) On payment of the price bid for property sold, the delivery of the property with a bill of sale vests title in the purchaser even against a legal owner. ([RTC 2960](#); R.C.A. Photophone, Inc. v. Huffman, 5 CA 2d 401) Incurred costs of seizing, sales advertisement, and keeper fees can be added to the sale of seized property. ([REV 2958](#))

However, if a Writ of Execution is issued under [RTC 3106](#), the Sheriff's Department would have authority to act as levying officer as with other civil judgments. In such cases, refer to 6-27/000.00 EXECUTION SALE.

The warrant shall be levied and sale made pursuant to it in the same manner and with the same effect as a levy of and a sale pursuant to a writ of execution. • **6-33/400.00 Internal Revenue Service Taxes**

An IRS tax lien is the government's legal claim against your property when you neglect or fail to pay a tax debt. The lien protects the government's interest in all your property, including real estate, personal property and financial assets. A federal tax lien exists after the IRS:

- Assesses the taxpayer's liability
- Sends the taxpayer a bill that explains how much is owed (Notice and Demand for Payment); and
- The taxpayer neglect or refuse to fully pay the debt

A lien is not a levy. A lien secures the government's interest in your property when you don't pay your tax debt. A [levy](#) actually takes the property to pay the tax debt. If you don't pay or make arrangements to settle your tax

---

debt, the IRS can levy, seize and sell any type of real or personal property that you own or have an interest in.

---

### • • 6-33/400.10 Internal Revenue Tax Lien

If any person liable to pay any tax neglects or refuses to pay the same after demand, the amount (including any interest, additional amount, addition to tax, or assessable penalty, together with any costs that may accrue in addition thereto) shall be a lien in favor of the United States upon all property and rights to property, whether real or personal, belonging to such person. ([26 USC 6321](#)) A United States Internal Revenue lien arises "at the time the assessment is made" and shall continue until the liability for the amount is satisfied or becomes unenforceable. ([26 USC 6322](#)) (see also [CCP 2100](#), [2101](#))

---

### • • 6-33/400.20 Priority over Attachment Liens

An unsecured creditor never has priority over an internal revenue lien if he is not a "judgment creditor." ([26 USC 6323](#); [United States v. Acri, 348 US 211](#); [United States v. Security Trust & Savings Bank, 340 US 47](#))

---

### • • 6-33/400.30 Priority as Against Execution Liens

A judgment creditor has priority over internal revenue taxes as to property on which the judgment creditor has obtained a lien before the government has filed its notice of tax lien. ([26 USC 6323](#)) Thus, as to personal property, the judgment creditor is not entitled to any priority unless an execution levy has been made before the government has recorded its lien. ([Miller v. Bank of America 166 F 2d 415](#)) As to real property the judgment creditor has priority only if an execution levy or abstract of judgment is recorded before the federal lien is recorded. ([United States v. Spreckels, 50 F. Supp. 789](#))

---

### • • 6-33/410.00 Procedure After Notice of Tax Lien

Upon receipt of notice of tax lien from the Internal Revenue Service, immediately notify the creditor's attorney by form letter "Internal Revenue Tax -Notice to Creditor" and enclose a copy of the notice, if available. The Office Supervisor or designee shall release property held under attachment or execution to the Internal Revenue Service, or to the debtor if it so directs, under any of the following conditions:

1. Upon receipt of release from the creditor's attorney.
  2. Upon failure of the creditor to pay further deposits to cover expenses after demand under [CCP 488.050](#) or [685.100](#).
  3. Upon receipt from the Internal Revenue Service of its Final Notice and Demand, in the absence of an objection received from the creditor's attorney in reply to Sheriff's notice to creditor; provided, of course, that the tax lien has apparent priority. However, always allow the creditor's attorney at least 10 days' time after the mailing of the Sheriff's notice within which to dispute any tax priority.
- 

### • • • 6-33/410.10 Priority Disputes

If there is a dispute as to priorities, notify the [Internal Revenue District Director](#) that we hold the property under attachment or execution, giving the date of levy, general description of the property held, name and address of creditor's attorney, and a copy of the writ, if available. Forward a copy of this letter to the creditor's attorney. If the property is not released under as provided above, or sold under execution as authorized below, hold the property until the Internal Revenue Service gives a written release.

When a notice of execution sale has been posted before receiving an Internal Revenue notice of lien, the Internal Revenue Service has agreed that the sale may proceed if the judgment creditor so directs. The costs of such sale, including the costs of the levy, keeper's fees, notices, and conducting of the sale, shall be deducted from the proceeds of the sale, unless otherwise instructed in writing by the Internal Revenue Service prior to the date of sale. The balance of the proceeds shall be held until a final determination as to priorities. Should the judgment creditor be the successful bidder, he must pay cash the same as any other bidder as to any amount in excess of the Sheriff's costs.

No other execution sale shall be conducted after receiving an Internal Revenue notice unless the creditor desires to make a cash bid in an amount sufficient to pay off the tax lien in full or unless specifically authorized by the Internal Revenue Service.

Send a copy of the notice to the Employment Development Department. Do not pay the money out.

Upon receipt of the Internal Revenue's Final Notice and Demand, immediately notify the Employment Development Department, but retain all property until a release is received.
