

6-33/310.30 Notices of Levy

If an employer is delinquent in the payment of any contributions, EDD may collect on property under a State Tax Lien by serving, personally or by first-class mail, a Notice of Levy on third-parties having in their possession or under their control the property belonging to the employer. The third-party has five days from the service of the Notice of Levy to turn the property over to EDD. ([UIC 1755](#))
