• • **2005 - 0 UNIT ORDERS**

PURPOSE OF ORDER

The purpose of this order is to adopt all Field Operation Directives.

SCOPE OF ORDER

All OSS Bureau personnel.

ORDER

The Department's Field Operation Directives were created for the Patrol Divisions. Therefore, this Unit Order will adopt the Department's Field Operation Directives as written and approved by the Division Chiefs.

• • 2005 - 1 CASE MANAGEMENT AND CASE ACTIVITY LOGS

PURPOSE OF ORDER

The purpose of this order is to unify and clarify the procedures for managing and tracking case activities during an investigation.

SCOPE OF ORDER

All OSS Bureau personnel.

ORDER

Upon assignment of cases, all personnel shall acknowledge the case assignment in the CLEATS program.

All OSS Bureau personnel shall maintain their cases in a chronological order and record case activity in the CLEATS Case Activity Log, which shall be attached on the inside left portion of each case file. In all cases, a Case Activity Log shall be complete including the date the specific case was assigned, all activities conducted throughout the course of the investigation (e.g., witness/suspect/victim interviews, DA filings, DA rejects, etc...) and any final closure notes.

Each sergeant shall review the Case Activity Log when the case is closed, in order to ensure it is complete. Any case which extends beyond 60 days shall have a log entry into CLEATS indicating an extension by the investigator. Any case which extends beyond 90 days shall have a sergeant's signed approval on an extension supplemental report. The extension supplemental report shall document all reason(s) why the case needed to be extended and the expected date of completion.

Additionally, all cases shall be maintained in a complete file. All photographs and documentation shall have the file number attached. Photographs will be placed inside of an envelope within the case folder. All cases shall continue to be tracked in the CLEATS, CalGang, and LARCIS databases.

Team sergeants shall utilize CLEATS to manage and review their respective teams' cases. The review process will give team sergeants the ability to determine if cases are correctly investigated and closed out, or made "inactive" in a timely manner. When possible, the team sergeant shall ensure cases are closed out when they are filed. When cases lack workable information and subsequent investigation is not feasible, the

team sergeant shall ensure those cases are inactivated. Any case can be re-opened and/or re-assigned at any time, shall any new workable information arise.

Area lieutenants shall review the open assigned LARCIS report every month. The area lieutenants shall audit and thoroughly review all open/active cases that extend beyond 120 days. Upon review of these 120 day cases, the area lieutenant shall ensure the cases have been properly updated (including case journal, extension supplemental reports, and investigation), or if appropriate, properly closed out.

Current Department policy relating to case management can be found in the "Manual of Policy and Procedures and under the following sections:

- **4-01/005.20 RESPONSIBILITY OF THE DETECTIVE SERGEANT**
 - **4-01/005.25 RESPONSIBILITY OF THE INVESTIGATING DETECTIVE**
 - **4-01/020.55 CASE REVIEW BY SUPERVISORS**
-

• • **2005 - 4 CERTIFICATION OF CREDITABLE SERVICE HOURS**

PURPOSE OF ORDER

The decentralized and diversified assignments inherent to all positions within Operation Safe Streets (OSS) Bureau, create a unique problem with the certification of creditable service hours. This directive delineates procedures and responsibilities for logging and for verifying hours worked by employees.

SCOPE OF ORDER

All OSS Bureau personnel.

ORDER

All OSS Bureau staff shall sign in and out every day on the Weekly Time Card.

All team sergeants are responsible for verifying their respective team members' worked time. Upon verification, team sergeants shall sign and forward the original time sheets and overtime slips to the Bureau's timekeeper. All time-off requests shall be submitted with this paperwork, unless slips were submitted in advance.

The work week is Sunday through Saturday. It is mandatory that all time worked, including regular hours, on-call time, and any overtime worked for OSS Bureau, contracts, or other units, shall be reported on the Weekly Time Card. If overtime hours are not reported on the Weekly Time Card, an adjusted Daily Time Card must be submitted with the Overtime Worked Report form. The regular and overtime hours worked on the overtime slips must match the Weekly Time Card. When claiming travel and/or evidence pick-up time, it shall be noted in the narrative section of the overtime slip, included in the overtime hours worked, and total number of hours worked. If there are any discrepancies, the Weekly Time Card and overtime slips will be returned to the team

sergeant for corrections, which may cause a delay in payment to the employee.

Weekly Time Card and overtime slips are due at OSS Bureau Headquarters on Monday by 1000 hours. It is the responsibility of each team sergeant to ensure that all of the required documents are received at OSS Bureau Headquarters in a timely manner. These documents are needed to prepare the Weekly Overtime Report that is due at Detective Division on Tuesday morning of each week.

All paperwork (Weekly Time Cards, overtime slips, time-off requests, etc.) shall be completed in indelible ink; pencil is not acceptable. Absolutely no whiteout is acceptable on the Weekly Time Card. If an error is made, it should be lined out (by means of a single horizontal line through it) and initialed. Only overtime codes of 901, 902, 903, 904, or 909 require a number in the Control Number box of the overtime slip. That control number will start with a 1, 2, 3, or 4, depending upon which the employee worked. Contract Law Enforcement Bureau requires that we report all mileage information to them; therefore, please make sure you write down the County vehicle number, beginning and ending mileage and the total number of miles driven. If you ride with another deputy or drive your own personal vehicle, please note this in the mileage section. When working overtime at other units, it is mandatory that the overtime slip have the "outside OT org #" code for that unit written above the Control Number box, so that the appropriate unit is charged for the overtime.

Because payroll is now recorded in TIMEi, it is imperative that team sergeants verify, sign, and forward their respective teams' Weekly Time Card and overtime slips to the timekeeper without delay. Inaccurate input and/or delays in posting deputies' time could result in no pay for that particular pay period.

• • 2005 - 10 REPORTING GANG-RELATED CRIME

PURPOSE OF ORDER

The purpose of this order is to standardize gang-related crime reporting procedures throughout Operation Safe Streets (OSS) Bureau and provide a guideline to follow for all other reporting units.

SCOPE OF ORDER

All OSS Bureau Personnel.

ORDER

The following guidelines shall be followed when reporting gang-related crimes and gang-related murders.

GANG-RELATED CRIME

All crimes should be considered gang-related when the participants, acting individually or collectively, are believed to be gang members or affiliates.

A crime should also be considered gang-related when:

- The nature of the offense and the circumstances are consistent with crimes committed by known gang members
- the participants were wearing/using common identifying signs, symbols, or colors
- based upon the expert opinion of a gang investigator.

This determination is not an exact science and need not be one-hundred percent certain the circumstances indicate there was a “gang nexus.”

A gang-related crime should not be confused with a gang-motivated crime.

Example: gang member involved in argument about parents and kills his/her brother. That would be documented as a gang-related murder, although there was no “gang-motivation.”

MURDERS

Gang-related murders shall be determined in the same manner as other gang-related crimes. The Bureau maintains the responsibility in determining whether a murder is to be considered gang-related, based upon their expertise.

In order to accurately report gang crimes, stat code 860 must be utilized and documented in LARCIS. All Bureau investigative team sergeants are responsible for ensuring the 860 stat code is added if the first report did not accurately classify the incident as gang-related.

• • 2005 - 13 TRAINING STATUS REPORT

PURPOSE OF ORDER

The purpose of this order is to establish a procedure in which all newly assigned detectives at Operation Safe Streets (OSS) Bureau receive a standardized orientation regarding the tasks and responsibilities of a Bureau investigator. Each newly assigned member will receive a mentoring packet containing a training task check-off form. This packet, coupled with our training program, will enable new personnel to understand and develop positive techniques and gang expertise.

SCOPE OF ORDER

This order applies to all newly assigned deputy and detective personnel to OSS Bureau.

ORDER

Newly assigned detectives to a Bureau detective team will be provided an investigator mentoring packet. They will be assigned a mentor to assist them in understanding all of the subject areas.

Newly assigned detectives with the assistance of their mentors, team sergeants, co-workers, and the

Bureau's training staff, will familiarize themselves with the methods, operation, and responsibilities of each of the topics. After discussion and in some cases demonstration, each topic will be initialed and dated by the newly assigned detective. The team sergeant may elect to comment on specific topics if he/she deems necessary. The team sergeant shall make sure the mentoring packet is completed by the end of the detective's first six months.

The team sergeant shall ensure that a newly assigned detective authors six search warrants during the mentoring period. The detective shall also testify at least once in a court of law as a gang expert during the mentoring period. The team sergeant will observe the gang expert testimony and make a note of it on the training task check-off form. The team sergeant will also fill out the Gang Expert Testimony Evaluation form, which is attached to the mentoring packet.

The detective's mentor, team sergeant, and area lieutenant will each sign the completed mentoring packet and return it to the Bureau's training office for final review and approval.

The mentoring packets of the newly assigned deputies and detectives will be made part of their permanent training folders.

• • 2005 - 17 NOTIFICATIONS AND REPORTING OF SIGNIFICANT INCIDENTS

PURPOSE OF ORDER

SCOPE OF ORDER

All Bureau personnel.

Significant incidents, such as on or off-duty deputy-involved shootings, large quantities of narcotics, firearm seizures, or any incident which has the potential to attract the attention of the media, requires an Operational Log entry through the Sheriff's Information Bureau at (213) 229-2222, a memorandum to Division Headquarters and a copy sent to OSS Bureau Headquarters Operations Staff.

PURPOSE OF ORDER

The purpose of this order is to establish procedures for members of Operation Safe Streets (OSS) Bureau when conducting necessary law enforcement activity outside of the geographical jurisdiction of the Los Angeles County Sheriff's Department.

SCOPE OF ORDER

All Bureau personnel.

ORDER

Our primary mission at OSS Bureau is to enforce the law, impact gang-related violence, and arrest criminal street gang members for violations that occur within the station areas we serve. We are obligated to take law enforcement action when we observe criminal activity; however, that does not imply that we are to seek out criminal activities outside our jurisdiction. That does not preclude us from entering other areas on mission-specific assignments, e.g., search warrant searches for identified suspects, or information gathering assignments. When it becomes necessary to enter another agency's jurisdiction for a search operation, a Bureau lieutenant shall be present, the agency of jurisdiction shall be notified and provided with the name, rank, and contact telephone number of the on-site supervisor.

When law enforcement activity is conducted in another agency's jurisdiction based upon an observation, a team sergeant will respond and take the appropriate action. That may include but is not limited to the following:

- Release of the individual(s)/suspect(s) with or without a citation
- Call the agency of concern to the scene and release the individual(s) to them
- Authorize the arrest and transportation of the suspect for booking

A lieutenant shall be present any time sworn Bureau personnel are out of the County wherein the possibility exists of taking any law enforcement action, they are likely to arrest an individual(s), or conduct an operation other than just solely for the purposes of information by means of surveillance.

We expect our efforts of enforcing the law to take place within our assigned jurisdiction.

OSS Bureau personnel found outside of their designated patrol area, without the express permission of the arrest team's supervisor, or without a clearly identified emergency, are subject to discipline.

All sworn Bureau personnel.

ORDER

Unless a person wanted for or suspected of shooting another person, in violation of sections 245(a)(2), 187(a) or 664/187(a) of the California Penal Code, is taken into custody prior to the service of a search warrant, a Bureau sergeant shall contact an SEB lieutenant for consultation on all search warrant operations.

The purpose of the consultation is to determine if a Special Weapons Team or a Tactical Entry Team should serve the warrant.

This order does not affect any of the mandatory notifications identified on the Search Warrant Preparation Check List.

• • 2009 - 3 DEPARTMENT OF CHILDREN & FAMILY SERVICES MULTI-AGENCY RESPONSE TEAM (MART)

PURPOSE OF ORDER

The purpose of this order is to adopt guidelines for the appropriate use of Department of Children and Family Services (DCFS) Multi Agency Response Team (MART) personnel during the service of pre-planned search warrant operations.

SCOPE OF ORDER

All Bureau personnel.

ORDER

The Bureau has entered into a collaboration with MART to provide assistance to Bureau personnel by responding to endangerment or neglect incidents encountered during search warrant services.

This order shall apply to all pre-planned search warrant operations and in any case where the luxury of time affords an opportunity to request a MART investigator prior to warrant service. Because a vast majority of search warrants written by this Bureau are drafted in pursuit of firearms or illegal drugs, the following guidelines shall be followed to ensure the safety of minors who reside with gang members:

- The notification of MART in advance of a warrant operation is the best way of ensuring a rapid response. Team sergeants shall incorporate the notification of MART into their routine pre-service administrative procedures. In all cases where less than three locations are to be searched, MART shall be notified and asked to be placed on-call or to respond at their discretion. If upon service and in all cases where minors are found in the presence of unsecured firearms, narcotics or in any condition that is a threat to their health and safety, a MART investigator shall be asked to respond.
- For operations involving three or more locations to be searched, the presence of a MART investigator shall be requested and asked to stage at the command post.
- Personnel may be asked to assist DCFS with evidence gathering, such as video or digital photos. Evidence to support DCFS does not fall under the chain of evidence procedures of the Sheriff's Department. Personnel may take additional video and digital photos, not for criminal prosecution, and provide it directly to DCFS workers for Dependency Court.

DCFS services may include taking children into protective custody, formulating a "protective plan" for the

family, placing the child with relatives, ordering adult gang members from the home while keeping the family and children in place, monitoring gang families and providing conditional services. DCFS has lower “thresholds” for detaining children. Those acts of endangerment rising to a crime must be documented by Bureau personnel in the appropriate first or supplemental report.

Detectives and sergeants reviewing reports should be vigilant in reviewing crime reports involving gang-related violence and children. Should a specific gang residence become the target of multiple acts of violence, DCFS workers should be contacted to assess whether the children residing at the location are endangered or not.

A working agreement defining roles and responsibilities has been approved between the Department and DCFS.

• • 2014 - 1 PRE-PLANNED COMPLIANCE SEARCHES

PURPOSE OF ORDER

The purpose of this order is to clarify the responsibility of the Probation Department as it pertains to compliance searches and supervision of Post Release Community Supervision (PRCS) (AB109 and AB117) probationers. It is also intended to provide a procedure for documenting notifications prior to conducting Pre-Planned Probation Compliance Searches.

SCOPE OF ORDER

All sworn Bureau personnel.

BACKGROUND

In July 2012, pursuant to an approved motion by the Los Angeles County Board of Supervisors, the Probation Department was charged with the supervision and rehabilitative services for all adult probationers.

Compliance and accountability rests with the Probation Department. Law enforcement agencies, such as the Los Angeles County Sheriff's Department, were tasked with collaborating with the Probation Department to ensure the compliance of probationers and in maintaining the public's safety. In order to demonstrate collaboration, we were therefore required to make an appropriate notification to probation personnel prior to a Pre-Planned Probation Compliance Search.

ORDER

Prior to conducting a Pre-Planned Compliance Search, an appropriate notification to the Probation Department is required. This notification only pertains to Pre-Planned Compliance Searches. The notification requirement is met when contact is made with a Deputy Probation Officer (DPO) familiar with the case being investigated, the DPO embedded with your team/station, or the DPO of record. The notification to a DPO shall be documented in the Notifications section of the operations plan that is prepared prior to the compliance search.

SEARCH WARRANTS

Notification to the Probation Department or any other compliance entity is not required for the service of search warrant(s). A notification is not required during an active in progress investigation, when search conditions have been established, or the compliance search is deemed necessary to further a criminal investigation.

COMPLIANCE SEARCHES

Compliance searches continue to be a valuable and necessary tool in furthering criminal investigations. A simple notification is all that is necessary to avoid any potential long term limitations or ramifications as it pertains to this investigative asset.

• • 2015 - 1 RELEASE OF IMPOUNDED VEHICLES

PURPOSE OF ORDER

The purpose of this order is to establish time guidelines on vehicles impounded for evidence for Bureau investigations.

SCOPE OF ORDER

All sworn Bureau personnel.

ORDER

When assigning cases, the team sergeant shall notify the assigned detective of a case involving an impounded vehicle.

Within four business days of the vehicle being impounded, it shall be the detective's or team sergeant's responsibility to reclassify the impounded vehicle as "stored." For further regarding the reclassification of vehicles and vehicle release administrative fees, refer to **MPP 5-01/090.00 and 5-01/090.10**.

If during the course of the investigation it is necessary for the vehicle to be remain "impounded" beyond four business days, the Unit Commander or his/her designee shall be notified regarding the circumstances.

• • 2015 - 2 PROPOSITION 47 ARRESTS

PURPOSE OF ORDER

The purpose of this order is to clarify the responsibility of sworn personnel assigned to the Bureau when making an arrest for criminal charges associated with Proposition 47.

SCOPE OF ORDER

All sworn Bureau personnel.

BACKGROUND

Proposition 47 was passed on November 4, 2014, by the voters of California. These new penalties and offenses became effective November 5, 2014. Proposition 47 has reduced specified offenses to misdemeanors, creates a new “shoplifting” crime and allows resentencing of certain convicted felons as misdemeanor offenders.

ORDER

All OSS sworn personnel who arrest persons for Proposition 47 charges, whether on an open charge or a warrant, shall ensure the arrestee is booked, Livescanned, and a Criminal History check is done to determine if a previous conviction could make the current arrest a felony. Proposition 47 drug possession charges shall be assigned to Narcotics Bureau. During booking, if AJIS and/or Livescan does not accept the new arrest code information, the override function must be used. The intent of this order does not negate an OSS team sergeant’s ability to authorize a field cite and release of arrestees who will likely be problematic during the booking process.

The following offenses are changed from felony to misdemeanor arrests when a value less than \$950.00 is involved, with exception of individuals that are “Proposition 47 Ineligible.” In addition, the listed Health and Safety codes have been changed from felony to misdemeanor offenses.

Penal Codes / Statistical Codes / Charge Level:

- 459.5 / Stat Code 383 (F/M) - The **new misdemeanor crime** of “shoplifting” is defined as entering a commercial establishment, during business hours, with the intent to steal, where the value of the taken items does not exceed \$950. “Shoplifting” as defined may not be charged as a theft or a burglary.
- 473(b) / Stat Code 103 - 107 (F/M) - Forgery of checks and related instruments of not more than \$950 is now a misdemeanor.
- 476a / Stat Code 101 (F) - 102 (M) - NSF checks totaling not more than \$950 (unless 3 or more specified priors) is now a misdemeanor.
- 490.2 / Stat Code 080 - 099 (F/M) — Grand Theft (**any form**) of items valued not more than \$950 is now a misdemeanor. Stat code used depends on what is stolen and where from, not the value of the item.
- 496(a) / Stat Code 290 (F/M) - Receiving/concealing stolen property of items valued not more than \$950 is now a misdemeanor.
- 666 / Stat Code 381 - 389 (F/M) - “Wobbler” “petty theft with a prior” applies only to “Proposition 47

Ineligible” defendants with specified priors and certain elder abusers. For all other defendants petty thefts are **misdemeanors regardless of the number of prior thefts.**

Health and Safety Codes:

- 11350 / Stat Code 181 (F/M) - Simple possession of heroin, cocaine, and other listed controlled substances is now a misdemeanor.
 - 11357(a) / Stat Code 182 (F/M) - Simple possession of concentrated cannabis is now a misdemeanor.
 - 11377 / Stat Code 184 (F/M) - Simple possession of methamphetamine, ecstasy, GHB, and other listed substances is now a misdemeanor.

• • **2005 - 11 VICTIMS REFUSAL TO PROSECUTE**

PURPOSE OF ORDER

The purpose of this order is to establish a Bureau-wide policy and a standard form for use with dispositioning cases wherein a victim refuses to cooperate with the prosecution of a suspect.

SCOPE OF ORDER

Bureau detectives responsible for investigating and filing cases.

ORDER

Despite investigative efforts, victims on occasion will refuse to prosecute the known suspects of a criminal case. Detectives who encounter a victim who refuses to prosecute a known suspect or refuses to identify a suspect, will complete a "Victim's Refusal to Prosecute" form.

Detectives shall provide the victim the form. If the victim refuses to sign the form, the detective shall indicate so on the signature line. A sergeant will then co-sign (witness) the form with the detective.

In either case, detectives shall submit the cases to the local filing District Attorney for filing consideration, or obtain a "D.A. Reject" on all refusals to prosecute.

The original form will be kept in the case file and the detective shall retain a copy in his/her investigative file.

Area lieutenants will periodically audit cases wherein the victim refused to prosecute in order to ensure compliance with this directive.

• • 2011 - 1 WIRELESS COMMUNICATIONS DEVICE INSIDE OF A CORRECTIONAL FACILITY

PURPOSE OF ORDER

To establish guidelines for all Bureau personnel, regarding the use of cellular phones in a correctional facility (station jail, county jail, or court lock-up).

SCOPE OF ORDER

All Bureau personnel.

ORDER

Possession of a wireless communication device, including but not limited to, a cellular telephone, voice over internet protocol (VoIP) phone, or wireless internet device, in a secured area is prohibited per Penal Code 4575 (a) PC.

Any person entering a correctional facility shall be prohibited from having any unauthorized items in their possession per Custody Division Manual, Sections 3-01.090.00, Security of Personal Property.

Any deviation from this unit directive shall be with the prior approval of the respective Assistant Sheriff.

• • **2016 - 1 MOBILE FIELD INTERVIEW REPORT (FIR)**

PURPOSE OF ORDER

The purpose of this order is to establish de-confliction and sharing of criminal intelligence amongst units within the Department regarding the use and printing of mobile generated Field Interview Reports (FIRs). This will include the sharing of FIRs with outside law enforcement agencies.

SCOPE OF ORDER

All sworn Bureau personnel.

ORDER

The advancement of the Mobile FIR allows Department members to author FIRs electronically by utilizing their Department issued smart phones, Department desktops, and Mobile Digital Computer. The electronic FIR is then evaluated and approved by a supervisor or his designee, for criminal intelligence entry. Only an evaluated and approved FIR will go through the virtual gatekeeper for entry into the CalGang System. The electronic FIR will be an electronic “source document”, which may replace the paper FIR cards and will be admissible in court.

When investigators require the source document (FIR), they shall request a printed version from the FIR’s authoring station (Bureau team, station detective supervisor when no OSS team is assigned, or OSJ for all custody facilities). Sergeants and lieutenants with valid FIR accounts, as well as the CalGang Help Desk administrators, are the only personnel authorized to print from the FIR system.

With the approval of the FIR’s authoring station supervisor, a printed FIR (source document) can be produced. The request and approval for a printed FIR should be submitted via email to ensure a chain of custody/approval from the FIR’s authoring station. This is extremely important for both de-confliction of ongoing investigations, as well as it guarantees the sharing of criminal intelligence amongst law enforcement.
