• • **2005 - 0 UNIT ORDERS**

**PURPOSE OF ORDER**

This order adopts all Field Operation Directives.

**SCOPE OF ORDER**

This order applies to all Operation Safe Streets (OSS) Bureau personnel.

**ORDER**

The Department's Field Operation Directives were created for the Patrol Divisions. Therefore, this Unit Order will adopt the Department's Field Operation Directives as written and approved by the Division Chiefs.

---

• • **2005 - 1 CASE MANAGEMENT AND CASE ACTIVITY LOGS**

**PURPOSE OF ORDER**

This is to standardize and clarify procedures for managing and tracking case activities during an investigation.

**SCOPE OF ORDER**

This order applies to all Operation Safe Streets (OSS) Bureau personnel.

**ORDER**

Upon assignment of cases, all personnel shall acknowledge the case assignment in the CLEATS program.

All OSS Bureau personnel shall maintain their cases in chronological order and record case activity in the CLEATS Case Activity Log, which shall be attached to the inside left portion of each case file. In all cases, the Case Activity Log shall be complete, including the date the specific case was assigned, all activities conducted throughout the course of the investigation (e.g., witness, suspect, and victim interviews; District Attorney (DA) filings, DA rejects, etc...) and any final closure notes.

Each sergeant shall review the Case Activity Log upon case closure to ensure it is complete. Any case extending beyond 60 days shall include a log entry into CLEATS indicating an extension by the investigator. Any case which extends beyond 90 days shall require a sergeant's signed approval on an extension supplemental report. The extension supplemental report shall document all reason(s) for the case extension and the expected date of completion.

Additionally, all cases shall be maintained in a complete file. All photographs and documentation shall include the file number. Photographs shall be placed inside of an envelope within the case folder. All cases shall continue to be tracked in the CLEATS, CalGang, and LARCIS databases.

Team sergeants shall utilize CLEATS to manage and review their respective teams' cases. The review process allows team sergeants to determine whether cases are correctly investigated and closed out or designated as "Inactive" in a timely manner. When possible, the team sergeant shall ensure cases are closed out when they are filed.

When cases lack workable information and further investigation is not feasible, the team sergeant shall ensure those cases are inactivated. However, if any new workable information arises, a case may be reopened and/or re-assigned at any time.

Area lieutenants shall review the open assigned LARCIS report every month and shall audit and thoroughly review all open/active cases that extend beyond 120 days. Upon review of the 120-day cases, the area lieutenant shall ensure the cases have been properly updated (including case journal entries, extension supplemental reports, and investigation updates), or, if appropriate, properly closed out.

Current Department policy regarding case management can be found in the "Manual of Policy and Procedures," under the following sections:

- **4-01/005.20 RESPONSIBILITY OF THE DETECTIVE SERGEANT**
- **4-01/005.25 RESPONSIBILITY OF THE INVESTIGATING DETECTIVE**
- **4-01/020.55 CASE REVIEW BY SUPERVISORS**

## • • **2005 - 4 CERTIFICATION OF CREDITABLE SERVICE HOURS**

### **PURPOSE OF ORDER**

The decentralized and diverse assignments inherent to all positions within the Operation Safe Streets (OSS) Bureau create a unique challenge in certifying creditable service hours. This directive outlines the procedures and responsibilities for logging and for verifying hours worked by employees.

### **SCOPE OF ORDER.**

This order applies to all OSS Bureau personnel.

## **ORDER**

All OSS Bureau staff shall sign in and out daily on the Weekly Time Card.

All team sergeants are responsible for verifying their respective team members' worked hours. Upon verification, team sergeants shall sign and forward the original time sheets to the Bureau's timekeeper. All time-off requests shall be submitted with this paperwork, unless slips are submitted in advance.

The workweek is defined as Sunday through Saturday. It is mandatory that **all time worked**, including regular hours, on-call time, and any overtime worked for the OSS Bureau, contracts, or other units, be reported on the Weekly Time Card. If overtime hours are not reported on the Weekly Timecard, an adjusted Daily Timecard must be submitted along with the Overtime Worked Report form. The regular and overtime hours recorded on the overtime slips must match those on the Weekly Time Card. When claiming travel and/or evidence pick-up time, it shall be noted in the narrative section of the overtime slip and included in the total overtime hours worked. If there are any discrepancies, the Weekly Timecard and overtime slips will be returned to the team sergeant for corrections, which may delay payment to the employee.

Weekly Timecard and overtime slips are due at OSS Bureau Headquarters on Monday by 1000 hours. Each team sergeant is responsible for ensuring that all required documents are submitted to OSS Bureau Headquarters in a timely manner.

These documents are required to prepare the Weekly Overtime Report, which is due at the Detective Division on Tuesday morning of each week.

All paperwork (Weekly Timecards, overtime slips, time-off requests, etc.) shall be completed in indelible ink; pencil is not acceptable. Absolutely no whiteout is allowed on the Weekly Time Card. If an error is made, it should be lined out with a single horizontal line and initialed. Only overtime codes of 901, 902, 903, 904, or 909 require a number in the Control Number box of the overtime slip. That control number will start with 1, 2, 3, or 4, depending on which category the employee worked. The Contract Law Enforcement Bureau requires that all mileage information be reported. Therefore, ensure that you record the County vehicle number, beginning and ending mileage, and the total number of miles driven. If you ride with another deputy or drive your own personal vehicle, please note this in the mileage section. When working overtime at other units, it is mandatory that the overtime slip include the "outside OT org #" code for that unit, written above the Control Number box, to ensure the appropriate unit is charged for the overtime.

Because payroll is now recorded in TIMEi, it is imperative that team sergeants verify, sign, and forward their respective teams' Weekly Timecards and overtime slips to the timekeeper without delay. Inaccurate input and/or delays in posting deputies' time could result in no pay for that particular pay period.

## **• • 2005 - 10 REPORTING GANG-RELATED CRIME**

## **PURPOSE OF ORDER**

This order is to standardize gang-related crime reporting procedures throughout Operation Safe Streets (OSS) Bureau and to provide a guide for all other reporting units to follow.

## **SCOPE OF ORDER**

This order applies to all OSS Bureau Personnel.

## **ORDER**

The following guidelines shall be followed when reporting gang-related crimes and gang-related murders.

## **GANG-RELATED CRIME**

A crime should be considered gang-related when the participants, acting individually or collectively, are believed to be gang members or affiliates.

A crime should also be considered gang-related when:

- The nature of the offense and the circumstances are consistent with crimes committed by known gang members
- The participants were wearing or using common identifying signs, symbols, or colors
- It is determined to be gang-related based on the expert opinion of a gang investigator.

This determination does not require one-hundred percent certainty, only that the circumstances indicate a "**gang nexus**."

*A gang-related crime should not be confused with a gang-motivated crime.*

***Example:*** A gang member involved in an argument about their parents kills their sibling. This would be documented as a gang-related murder, although there was no "**gang-motivation**."

## **MURDERS**

Gang-related murders shall be determined in the same manner as other gang-related crimes. The Bureau maintains the responsibility in determining whether a murder is considered gang-related, based upon the

expertise of bureau personnel and the totality of the circumstances.

To accurately report gang crimes, stat Code 860 must be used to document gang-related incidents in LARCIS. All Bureau investigative team sergeants are responsible for ensuring the 860 stat code is added if the initial report did not accurately classify the incident as gang-related.

## • • 2005 - 13 TRAINING STATUS REPORT

### PURPOSE OF ORDER

This order is to establish a standardized orientation procedure for all newly assigned detectives at Operation Safe Streets (OSS) Bureau. Each new member will receive a mentoring packet that includes a training task check-off form. ### SCOPE OF ORDER

This order applies to all newly assigned deputy and detective personnel in the OSS Bureau.

### ORDER

Newly assigned detectives joining a Bureau detective team will be provided with an investigator mentoring packet and assigned a mentor to guide them through all relevant subject areas.

With the assistance of their mentors, team sergeants, co workers, and the Bureau's training staff, newly assigned detectives will familiarize themselves with the methods, operation, and responsibilities associated with each topic. After discussing each topic—and in some cases, demonstrating their understanding, the detective will initial and date the corresponding section. The team sergeant may provide comments on specific topics as necessary and shall ensure that the mentoring packet is fully completed within the detective's first six months.

Additionally, the team sergeant shall ensure that each newly assigned detective authors at least six search warrants during the mentoring period. If feasible, the detective should also testify at least once in a court of law as a gang expert during this mentoring period. The team sergeant will observe the gang expert testimony, document it on the training task check-off form, and complete the Gang **Expert Testimony Evaluation Form**, which is included in the mentoring packet. The mentoring packets of the newly assigned deputies and detectives will be retained as part of their permanent training folders.

The mentoring packets of the newly assigned deputies and detectives will be made part of their permanent training folders.

## **• • 2005 - 3 LAW ENFORCEMENT ACTIVITY OUTSIDE OF LASDâ€™S™S GEOGRAPHICAL JURISDICTION**

### **PURPOSE OF ORDER**

The purpose of this order is to establish procedures for members of **Operation Safe Streets (OSS) Bureau** when conducting necessary law enforcement activities outside the geographical jurisdiction of the Los Angeles County Sheriff's Department.

### **SCOPE OF ORDER**

This order applies to all Bureau personnel.

### **ORDER**

The primary mission of OSS Bureau is to enforce the law, reduce gang-related violence, and arrest criminal

---

street gang members for violations occurring within our assigned areas. While we are obligated to take law enforcement action when criminal activity is observed, this does **not** imply actively seeking out criminal activity outside our jurisdiction. However, this does **not** preclude personnel from entering other jurisdictions on mission-specific assignments, such as serving search warrants on identified suspects or conducting information gathering operations.

When it becomes necessary to enter another agency's jurisdiction to conduct a search operation, a Bureau lieutenant shall be present. Additionally, the agency having jurisdiction shall be notified and provided with the name, rank, and contact telephone number of the on-site supervisor.

When law enforcement activity outside of LASD jurisdiction is initiated based upon an observation, a team sergeant will respond and take appropriate action. This may include, but is not limited to the following:

- Releasing the involved individual(s)/suspect(s) with or without a citation
- Requesting that the agency with jurisdiction respond to the scene and transfer custody to that agency.
- Authorizing arrest and transportation of the suspect(s) for booking.

A lieutenant shall be present whenever sworn Bureau personnel conduct operations outside of Los Angeles County if:

- There is potential for taking law enforcement action or making an arrest.
- Operations involve more than just information-gathering through surveillance.
- Search operations are conducted ten (10) miles or more beyond the county border (except for those assessed as lower-risk operations).
- The search operation is expected to result in an evidence seizure valued at \$10,000 or more.

All OSS Bureau personnel are expected to perform law enforcement activities within their assigned jurisdiction. Personnel found outside of their designated patrol area without express permission from the arrest team's supervisor, or without a clearly identified emergency, are subject to discipline.

## **• • 2009 - 3 DEPARTMENT OF CHILDREN & FAMILY SERVICES MULTI-AGENCY RESPONSE TEAM (MART)**

### **PURPOSE OF ORDER**

The purpose of this order is to establish guidelines for the appropriate use of Department of Children and Family Services (DCFS) Multi-Agency Response Team (MART) personnel during pre-planned search warrant operations.

### **SCOPE OF ORDER**

This order applies to all Bureau personnel.

### **ORDER**

The Bureau has collaborated with MART to assist Bureau personnel by responding to child endangerment or neglect incidents encountered during search warrant operations.

This order applies to all pre-planned search warrant operations and in any situation where time allows for a MART investigator to be requested before warrant service. Since the majority of search warrants issued by this Bureau involve firearms or illegal drugs, the following guidelines shall be followed to ensure the safety of minors residing with gang members:

- Advance notification to before a warrant operation is the most effective way of ensuring a rapid response. Team sergeants shall incorporate MART notification into routine pre-service administrative procedures. In cases involving fewer than three locations, MART shall be notified and placed on call or asked to respond at their discretion.
- If, upon service, minors are found in the presence of unsecured firearms, narcotics, or in any condition that poses a threat to their health and safety, a MART investigator shall be asked to respond.
- For operations involving three or more search locations, a MART investigator shall be requested and asked to stage at the command post.

### **Assistance to DCFS:**

- Personnel may be asked to assist DCFS with evidence gathering, such as video or digital photos. Evidence to support DCFS does not fall under the chain of evidence procedures of the Sheriff's Department. Personnel may take additional video and digital photos, not for criminal prosecution, and provide it directly to DCFS workers for Dependency Court.

### **DCFS Services May Include:**

- Taking children into protective custody,
- Formulating a "protective plan" for the family,
- Placing the child with relatives,
- Ordering adult gang members to vacate the home while keeping the family and children in place,
- Monitoring gang families and providing conditional services.

DCFS has lower thresholds for detaining children than law enforcement. Acts of endangerment that rise to the level of a crime must be documented by Bureau personnel in the appropriate first or supplemental report.

### **Review and Reporting Responsibilities:**

- Detectives and sergeants should remain vigilant when reviewing crime reports involving gang-related violence and children.
- If a specific gang residence becomes the target of multiple acts of violence, DCFS personnel should be consulted in order to determine whether or not the children residing at the location are endangered.

A working agreement defining roles and responsibilities has been approved between the Department and DCFS.

## **• • 2014 - 1 PRE-PLANNED COMPLIANCE SEARCHES**

### **PURPOSE OF ORDER**

The purpose of this order is to clarify the responsibility of the Probation Department regarding compliance searches and supervision of Post Release Community Supervision (PRCS) (AB109 and AB117) probationers. It has also established a procedure for documenting notifications before conducting ***Pre-Planned Probation Compliance Searches***.

### **SCOPE OF ORDER**

This order applies to all sworn Bureau personnel.

### **BACKGROUND**

In July 2012, following an approved motion by the Los Angeles County Board of Supervisors, the Probation Department was assigned responsibility for the supervision and rehabilitative services of all adult probationers. Compliance and accountability rest with the Probation Department.

Law enforcement agencies, including the Los Angeles County Sheriff's Department, were tasked with collaborating with the Probation Department to ensure probationer compliance while maintaining public safety. As part of this collaboration, law enforcement is required to make an appropriate notification to probation personnel before conducting a ***Pre-Planned Probation Compliance Search***.

### **ORDER**

#### **Pre-Planned Probation Compliance Searches**

Before conducting a ***Pre-Planned Probation Compliance Search***, notification to the Probation Department is required. This requirement applies **only** to ***Pre-Planned Probation Compliance Searches***. The notification requirement is met when contact is made with:

- A Deputy Probation Officer (DPO) familiar with the case being investigated,
- A DPO embedded with your team/station,
- The DPO of record.

The notification must be documented in the **Notifications** section of the operations plan prepared before the compliance search.

### SEARCH WARRANTS

Notification to the Probation Department or any other compliance entity is **not** required serving a search warrant. Additionally, notification is not required under the following circumstances:

- An active in-progress investigation,
- Established search conditions exist.
- The compliance search is necessary to further a criminal investigation.

### COMPLIANCE SEARCHES

Compliance searches remain a valuable tool in furthering criminal investigations. A simple notification to the Probation Department is sufficient to avoid any potential long-term limitations or ramifications regarding this investigative asset.

**PURPOSE OF ORDER**

The purpose of this order is to establish a Bureau-wide policy and a standard form for documenting cases in which a victim refuses to cooperate with the prosecution of a suspect.

**SCOPE OF ORDER**

This order applies to all Bureau detectives responsible for investigating and filing cases.

**ORDER**

### **SCOPE OF ORDER**

This order applies to all Bureau personnel.

## **• • 2016 - 1 MOBILE FIELD INTERVIEW REPORT (FIR)**

## **PURPOSE OF ORDER**

The purpose of this order is to establish de-confliction procedures and facilitate the sharing of criminal intelligence amongst units within the Department regarding the use and printing of mobile-generated Field Interview Reports (FIRs). This order also includes guidelines for sharing FIRs with outside law enforcement agencies.

## **SCOPE OF ORDER**

This order applies to all sworn Bureau personnel.

## **ORDER**

The advancement of the Mobile FIR allows Department members to electronically author FIRs using their Department-issued smartphones, desktops, and Mobile Digital Computer. The electronic FIR is then evaluated and approved by a supervisor or designee, before criminal intelligence entry. Only evaluated and approved FIRs will pass through the virtual gatekeeper for entry into the CalGang System.

The electronic FIR serves an official "source document", which may replace the traditional paper FIR cards and will be admissible in court.

When investigators require a source document (FIR), they shall request a printed version from the FIR's authoring station (Bureau team, station detective supervisor if no OSS team is assigned, or OSJ for all custody facilities).

Only the following personnel are authorized to print from the FIR system:

- Sergeants and lieutenants with valid FIR accounts
- Cal Gang Help Desk administrators

With approval from the FIR's authoring station supervisor, a printed FIR (source document) may be produced. Requests and approvals for printed FIRs must be submitted via email to ensure chain of custody and approval from the FIR's authoring station. This process is critical to both the de-confliction of ongoing investigations and to ensure the effective sharing of criminal intelligence amongst law enforcement agencies.

with search warrant operations.

### **SCOPE OF ORDER**

This order applies to all Bureau personnel.

### **BACKGROUND**

Prior to conducting or participating in a search warrant service operation, Field Operations and Detective Bureau personnel must attend the Department's mandated **TAS I: Firearms Laser Training Update** and **TAS II: Intermediate Warrant Service Tactics Update** once every two years.

### **ORDER**

OSS Bureau teams who rely on their respective patrol station SAO team for assistance during warrant service operations, shall jointly attend warrant service and entry training. Training can be administered by the Tactics and Survival Unit (TAS) or Special Enforcement Bureau (SEB).

All OSS and SAO team personnel attending this training will be documented on an APIS roster. OSS training unit will retain the rosters and will coordinate with OSS team sergeants to ensure all OSS and SAO team personnel stay current with this training.
