

## 3-06/080.20 - Military Equipment

This policy seeks to set forth guidelines for the approval, acquisition, use, and reporting requirements of military equipment, pursuant to Government Code sections 7070, 7071, and 7072, and is aimed at providing transparency as to the purchase and use of such equipment. Military equipment, as used in the policy, is not limited to equipment that is received as excess property from the military. It refers to the type of equipment outlined below, regardless of the source of acquisition or purchase.

### **DEFINITIONS**

## **ACQUISITION AND USE APPROVAL**

The Sheriff or the authorized designee shall obtain approval from the Governing Body by way of adopting a military equipment policy. As part of the approval process, the Sheriff or authorized designee shall ensure the proposed military equipment policy is submitted to the Governing Body and is available on the Department website at least 30 days prior to any public hearing concerning the military equipment at issue, as specified in Government Code section 7071.

The Military Equipment Policy must be approved by the Governing Body prior to engaging in any of the following, as directed in Government Code section 7071:

Should the Department wish to move beyond the testing and evaluation phase and begin deployment of any new covered equipment item in the community, it shall comply with the existing requirements set forth by this policy. As such, any new equipment item covered by this policy and the Government Code which is determined to be viable for field or specialized use, shall not be placed into service (e.g., a pilot program) until it is approved by the Governing Body and as directed in this policy.
